In dedication to Max.
We hope that your
world is always filled
with Magic.
Love,
Derek and Ness

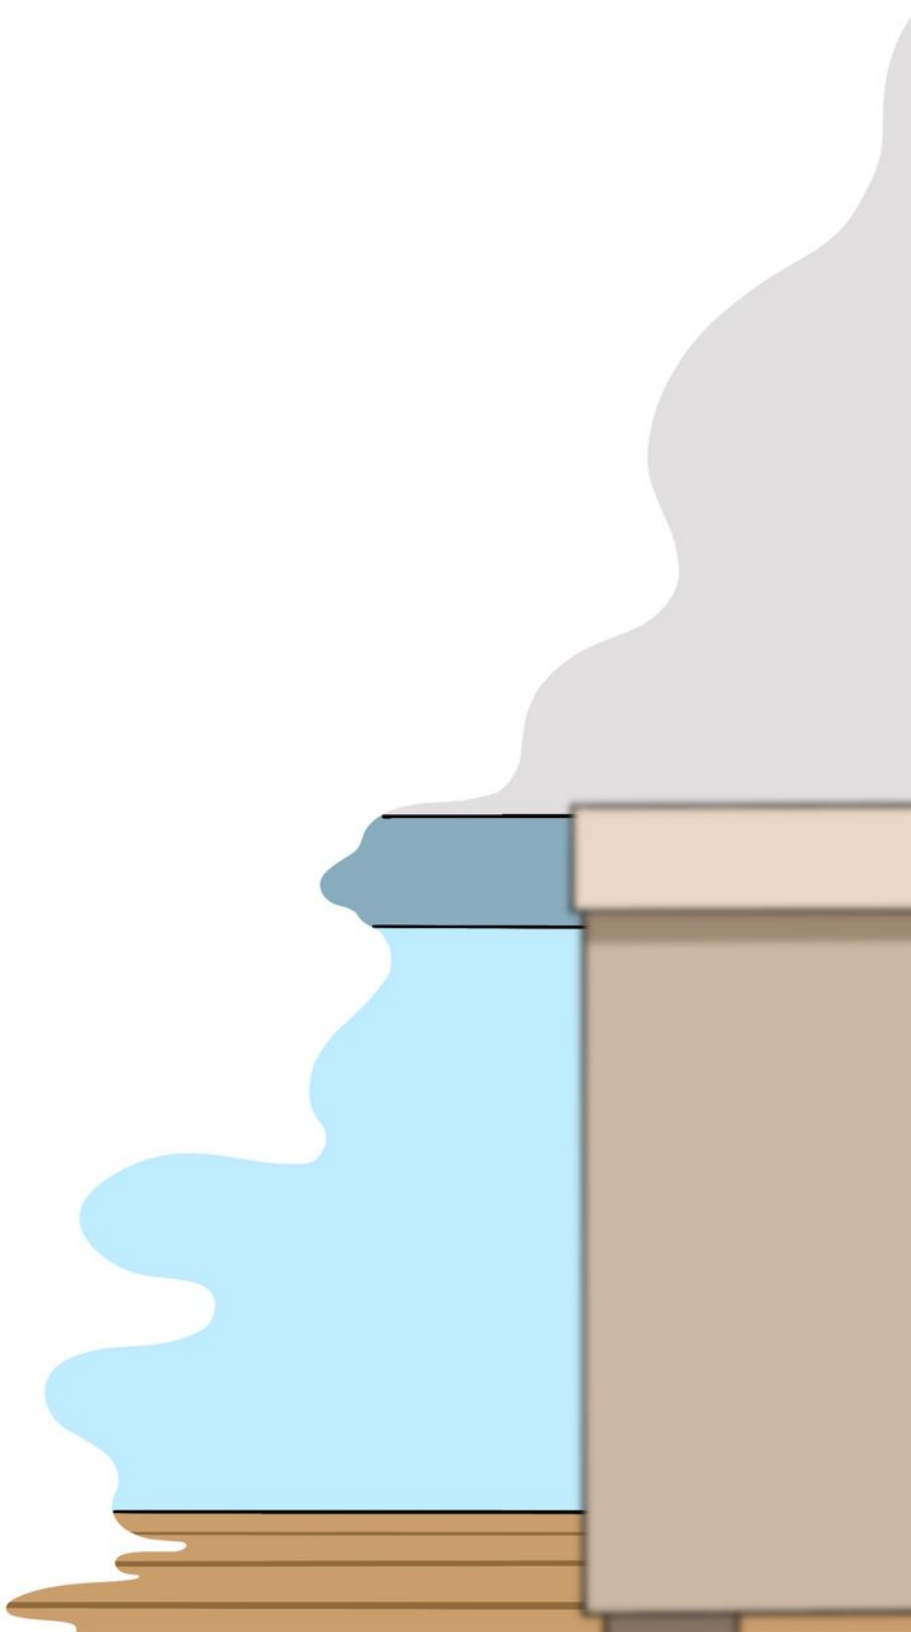

Egypt, how do
you feel today?

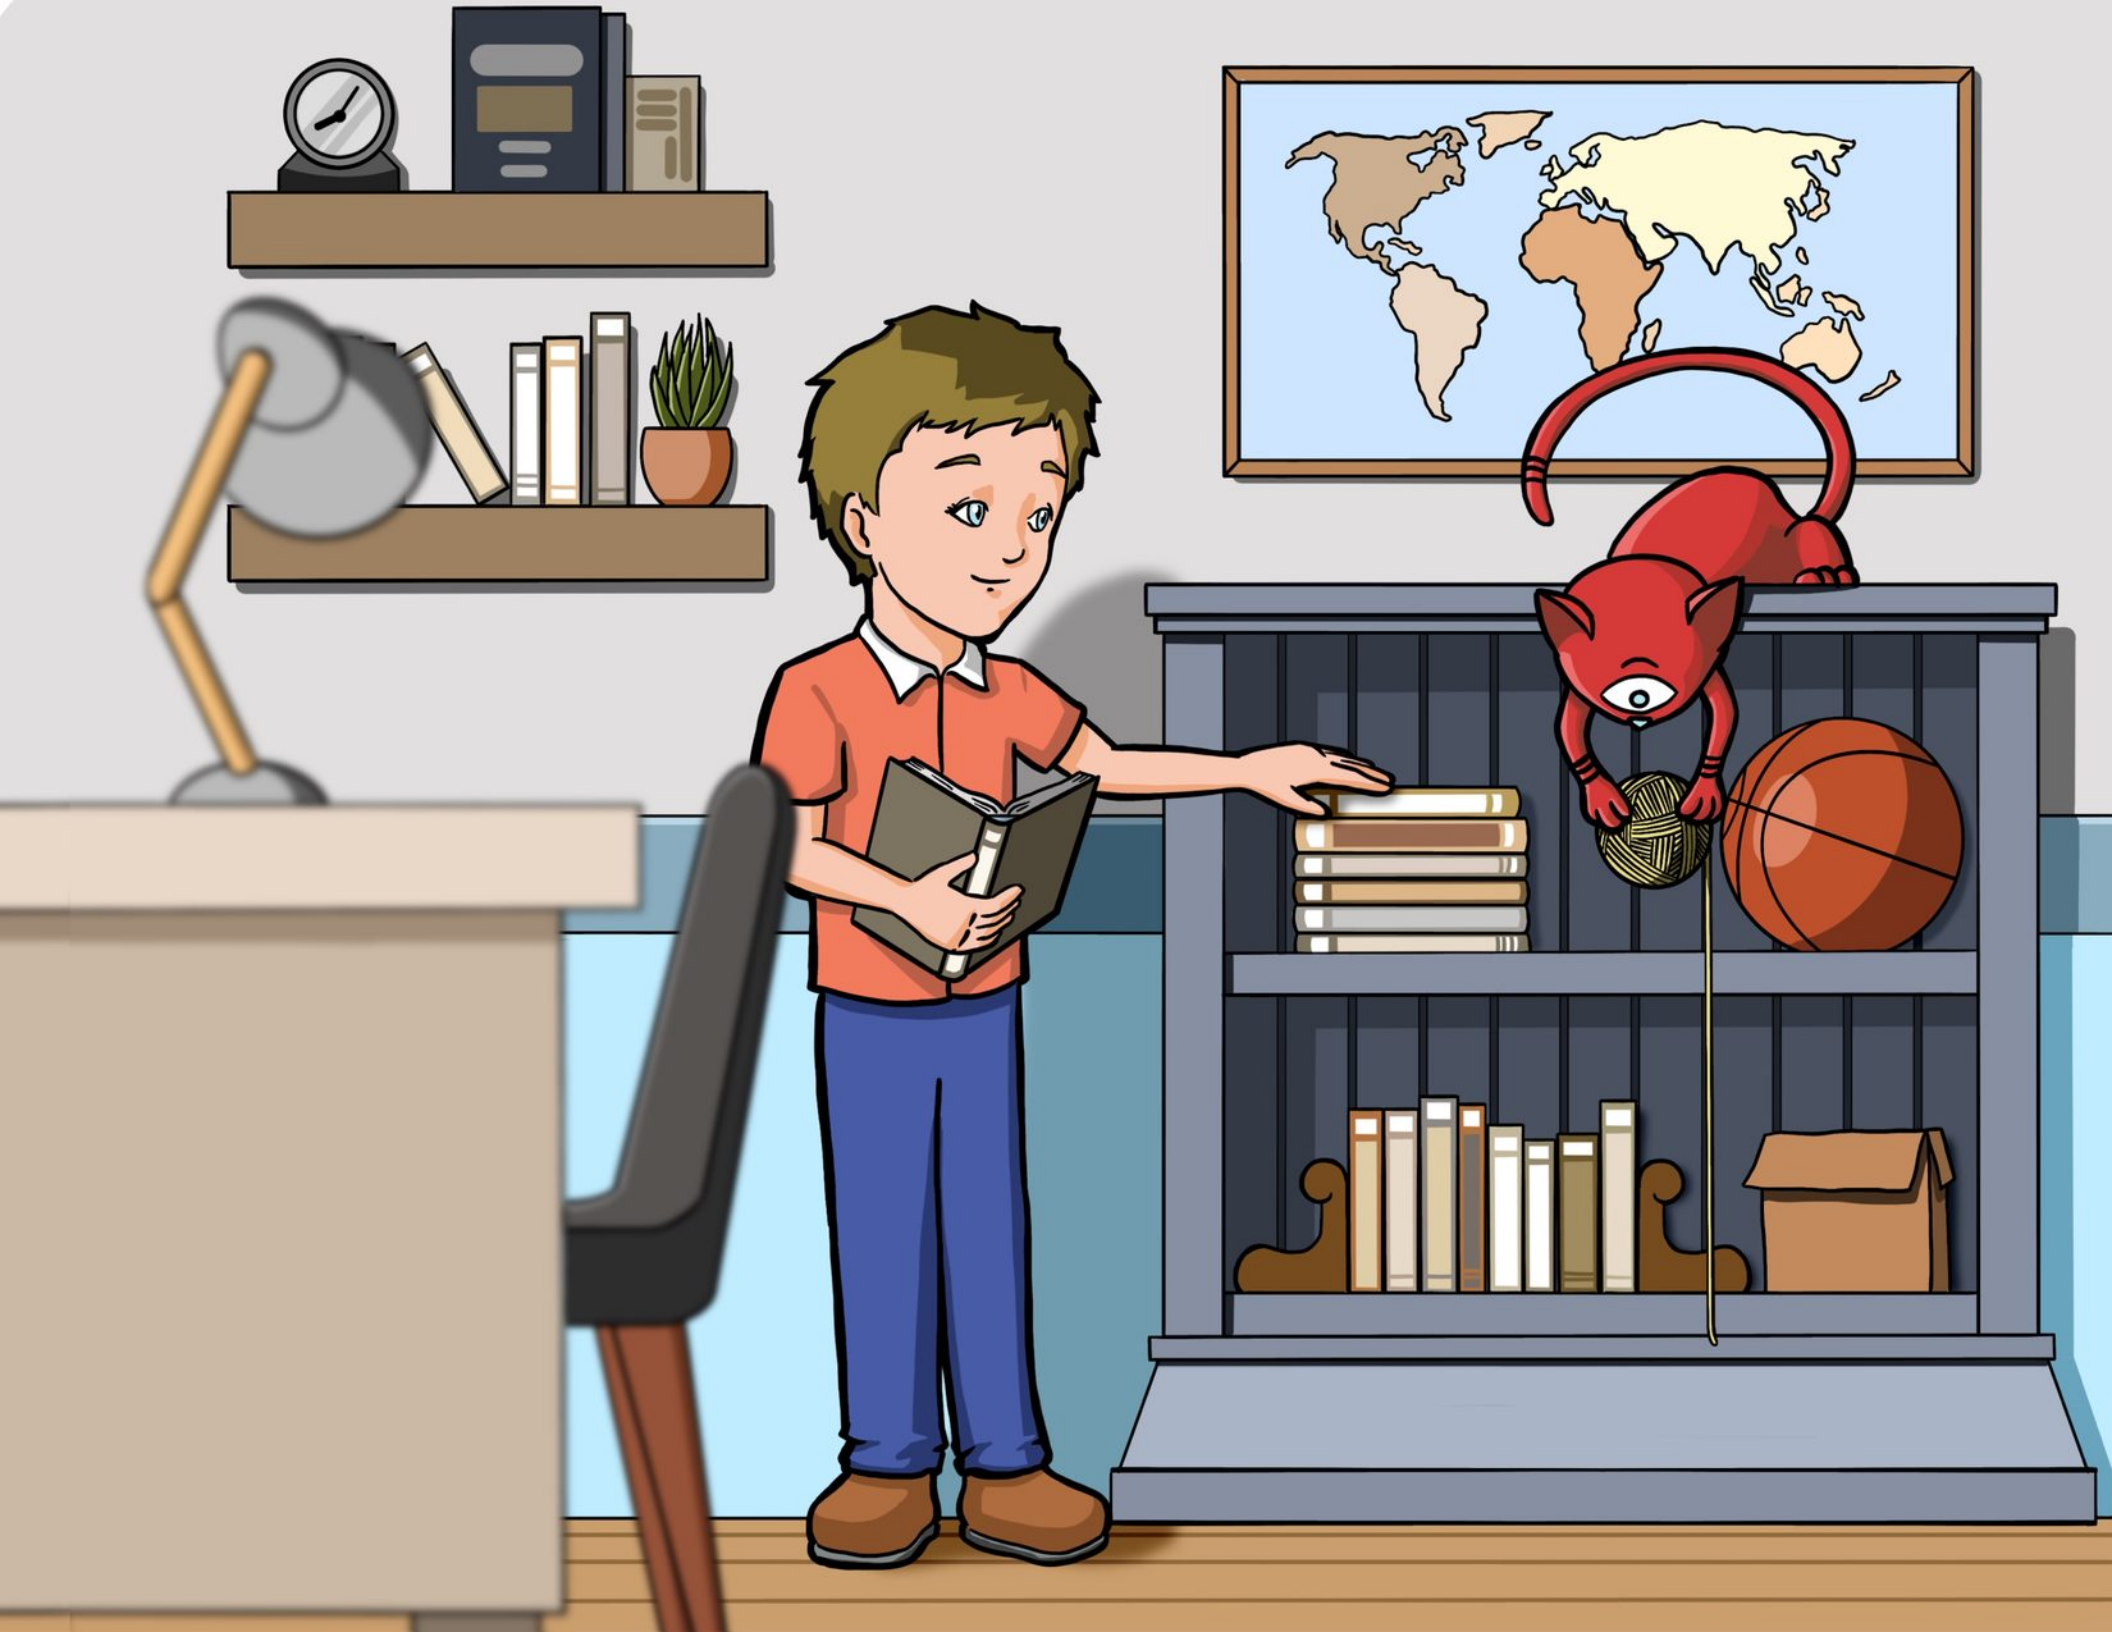

I feel good!
I want to play!

What would you like to do?

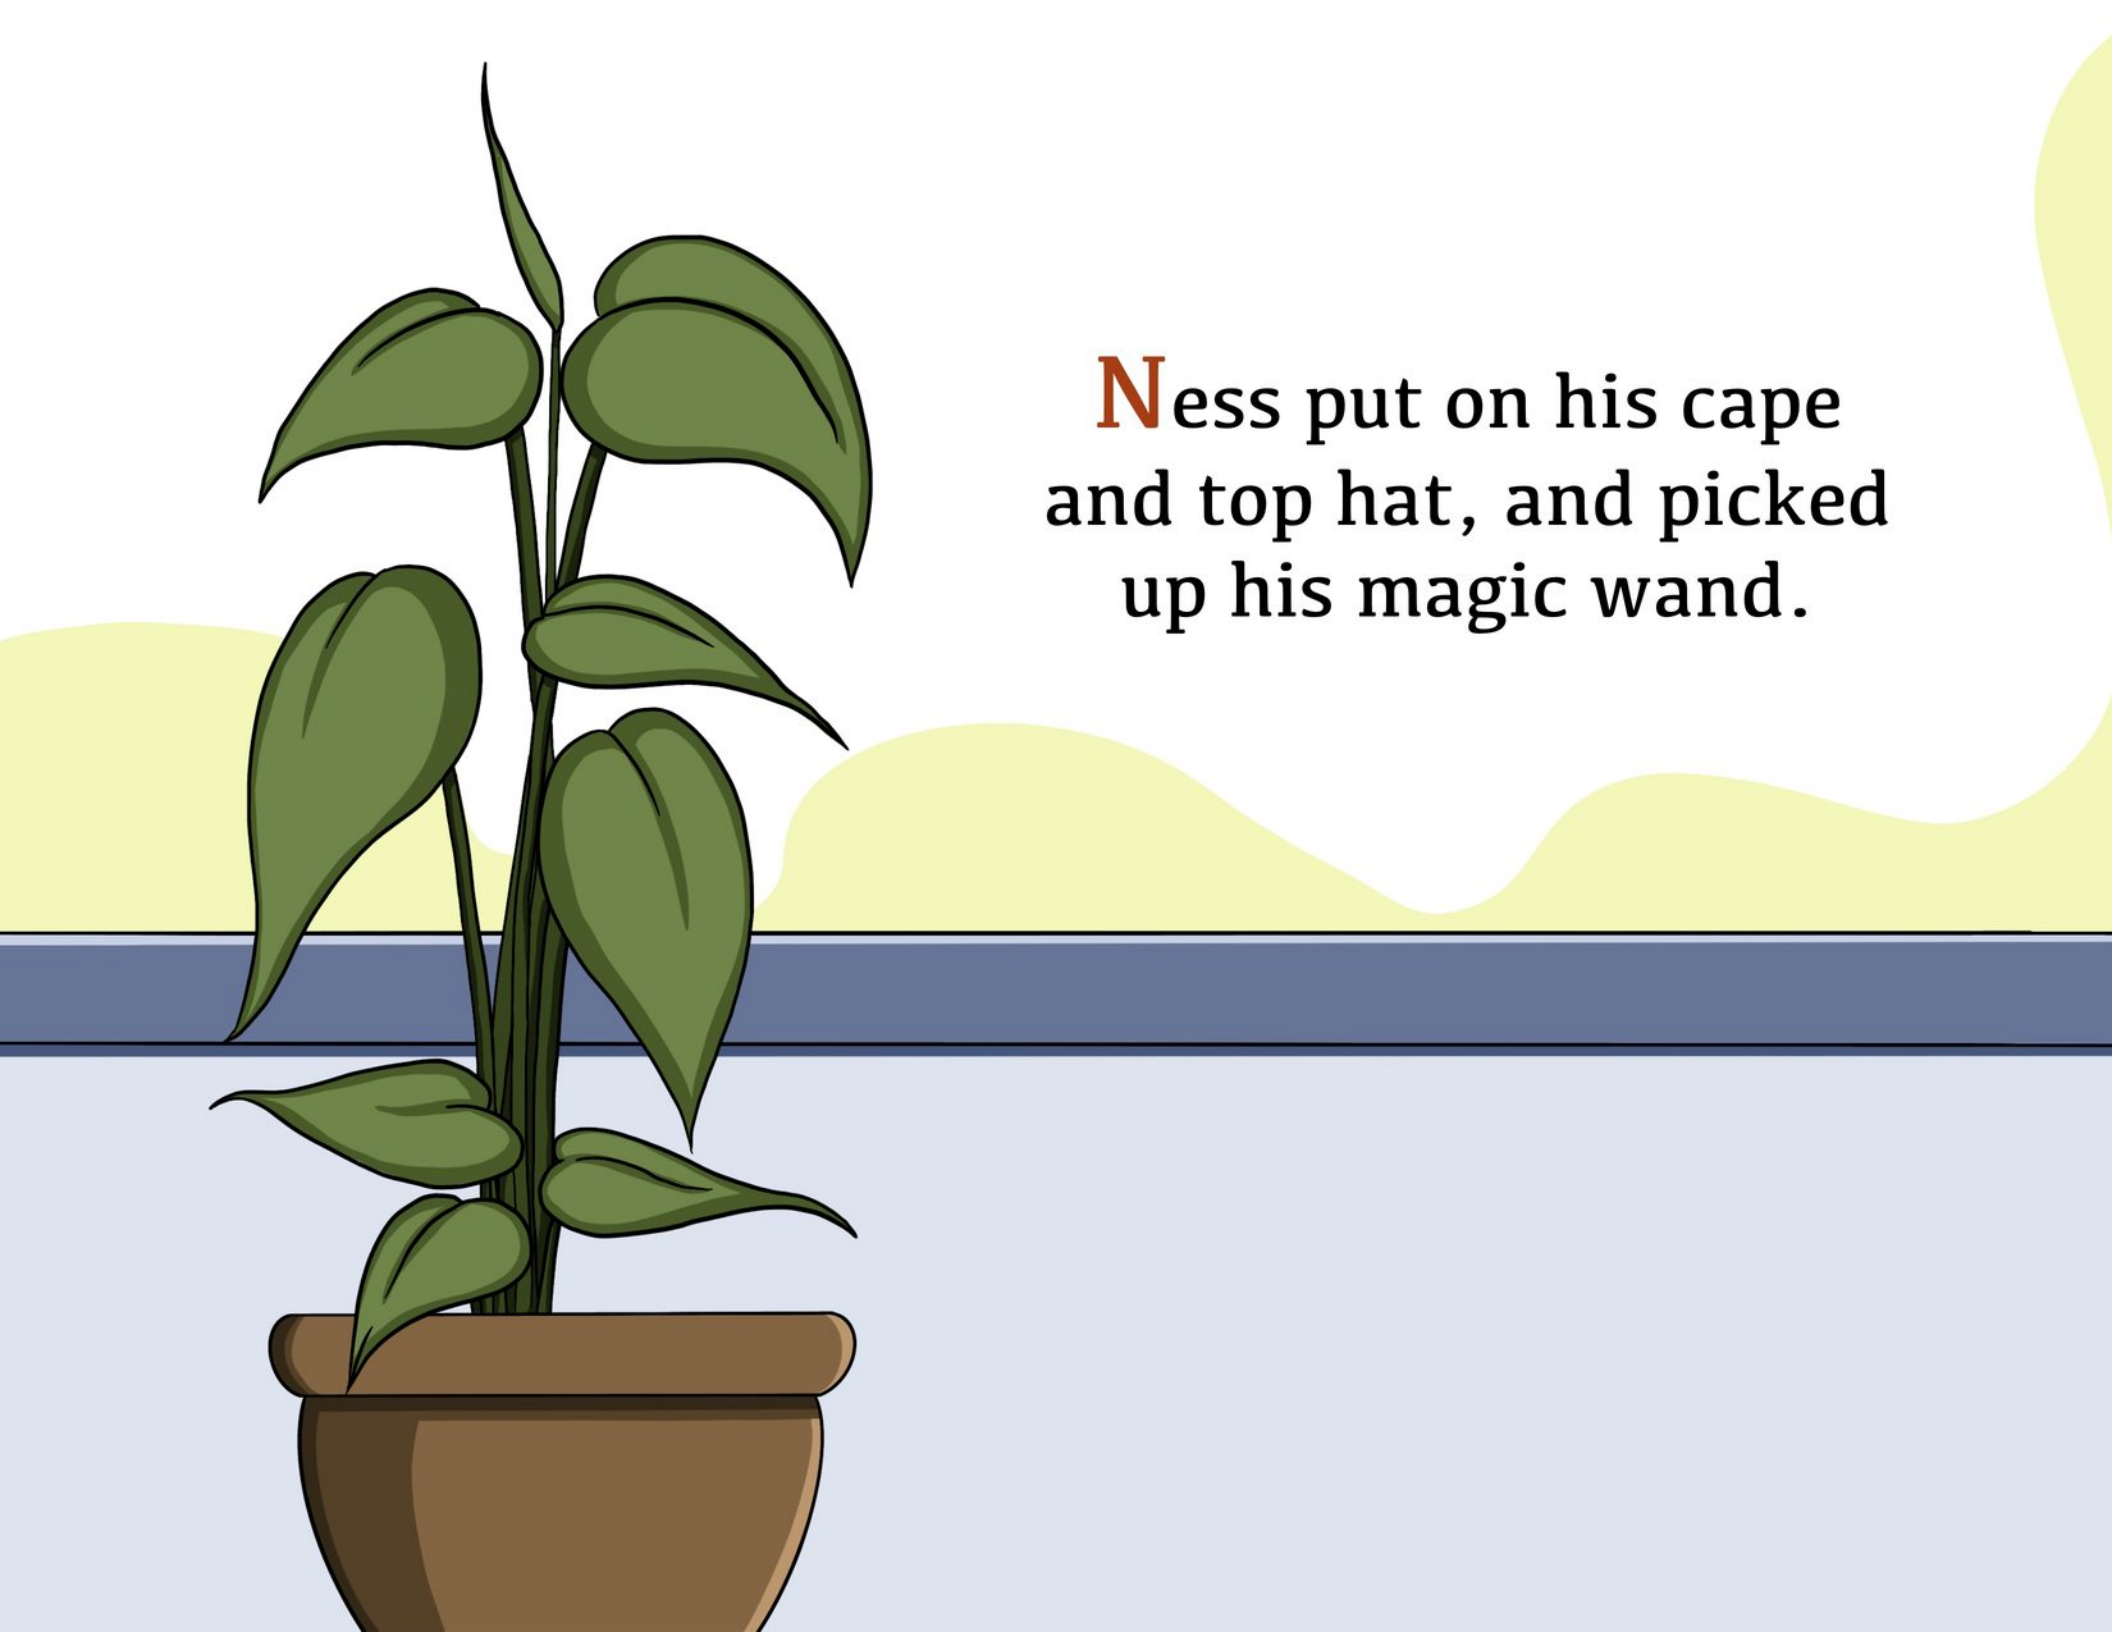

Magic!

Magic!

MAGIC!

Ness put on his cape
and top hat, and picked
up his magic wand.

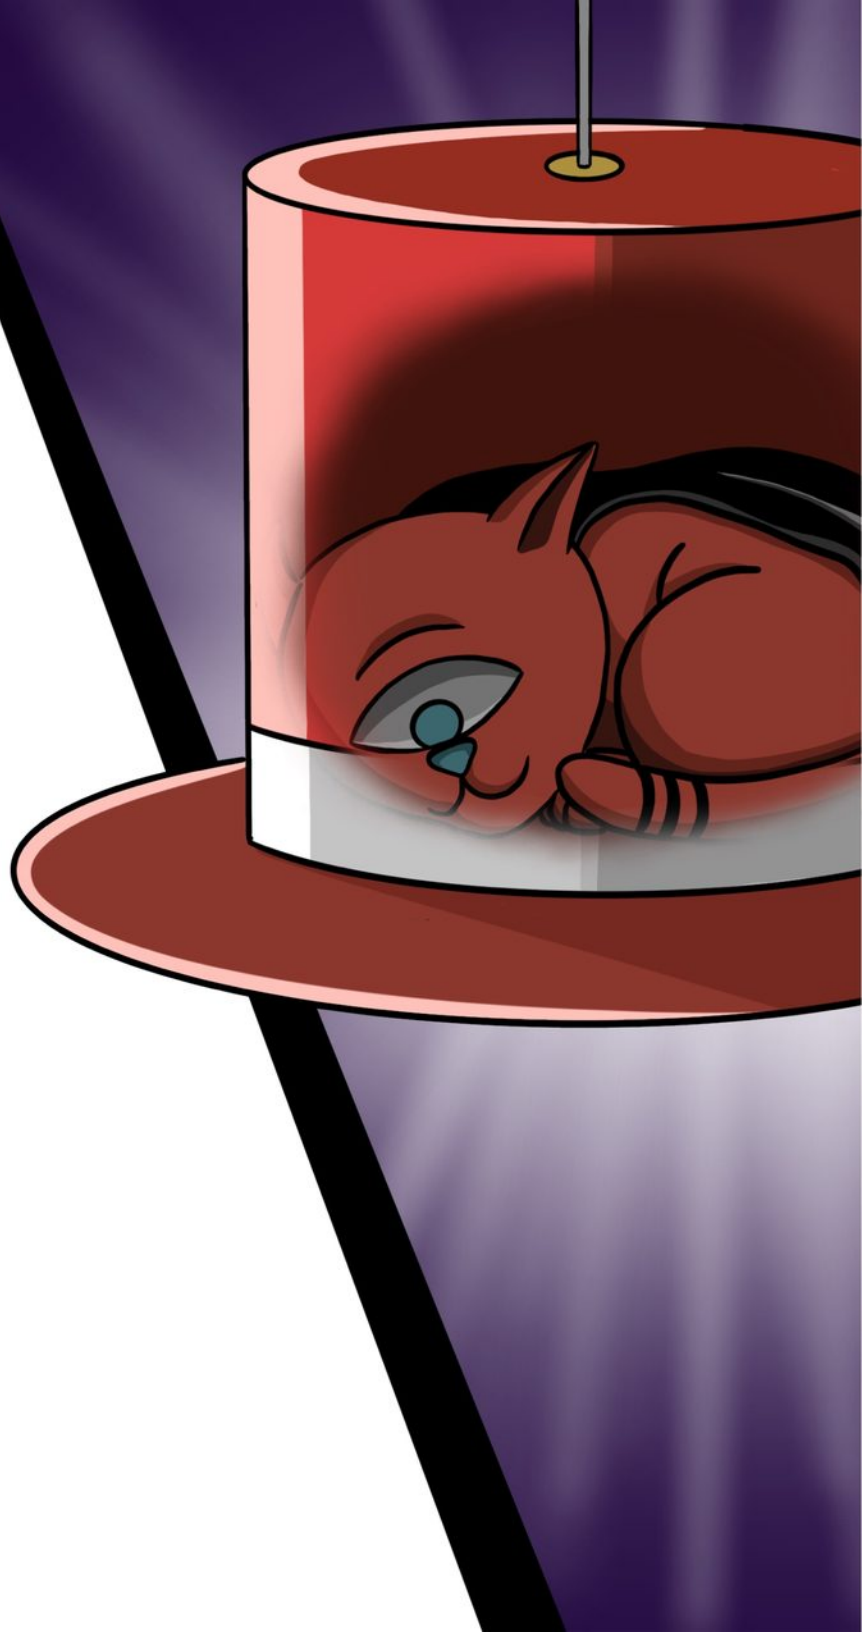

“CAT-
I-
TAT-
TAT!”

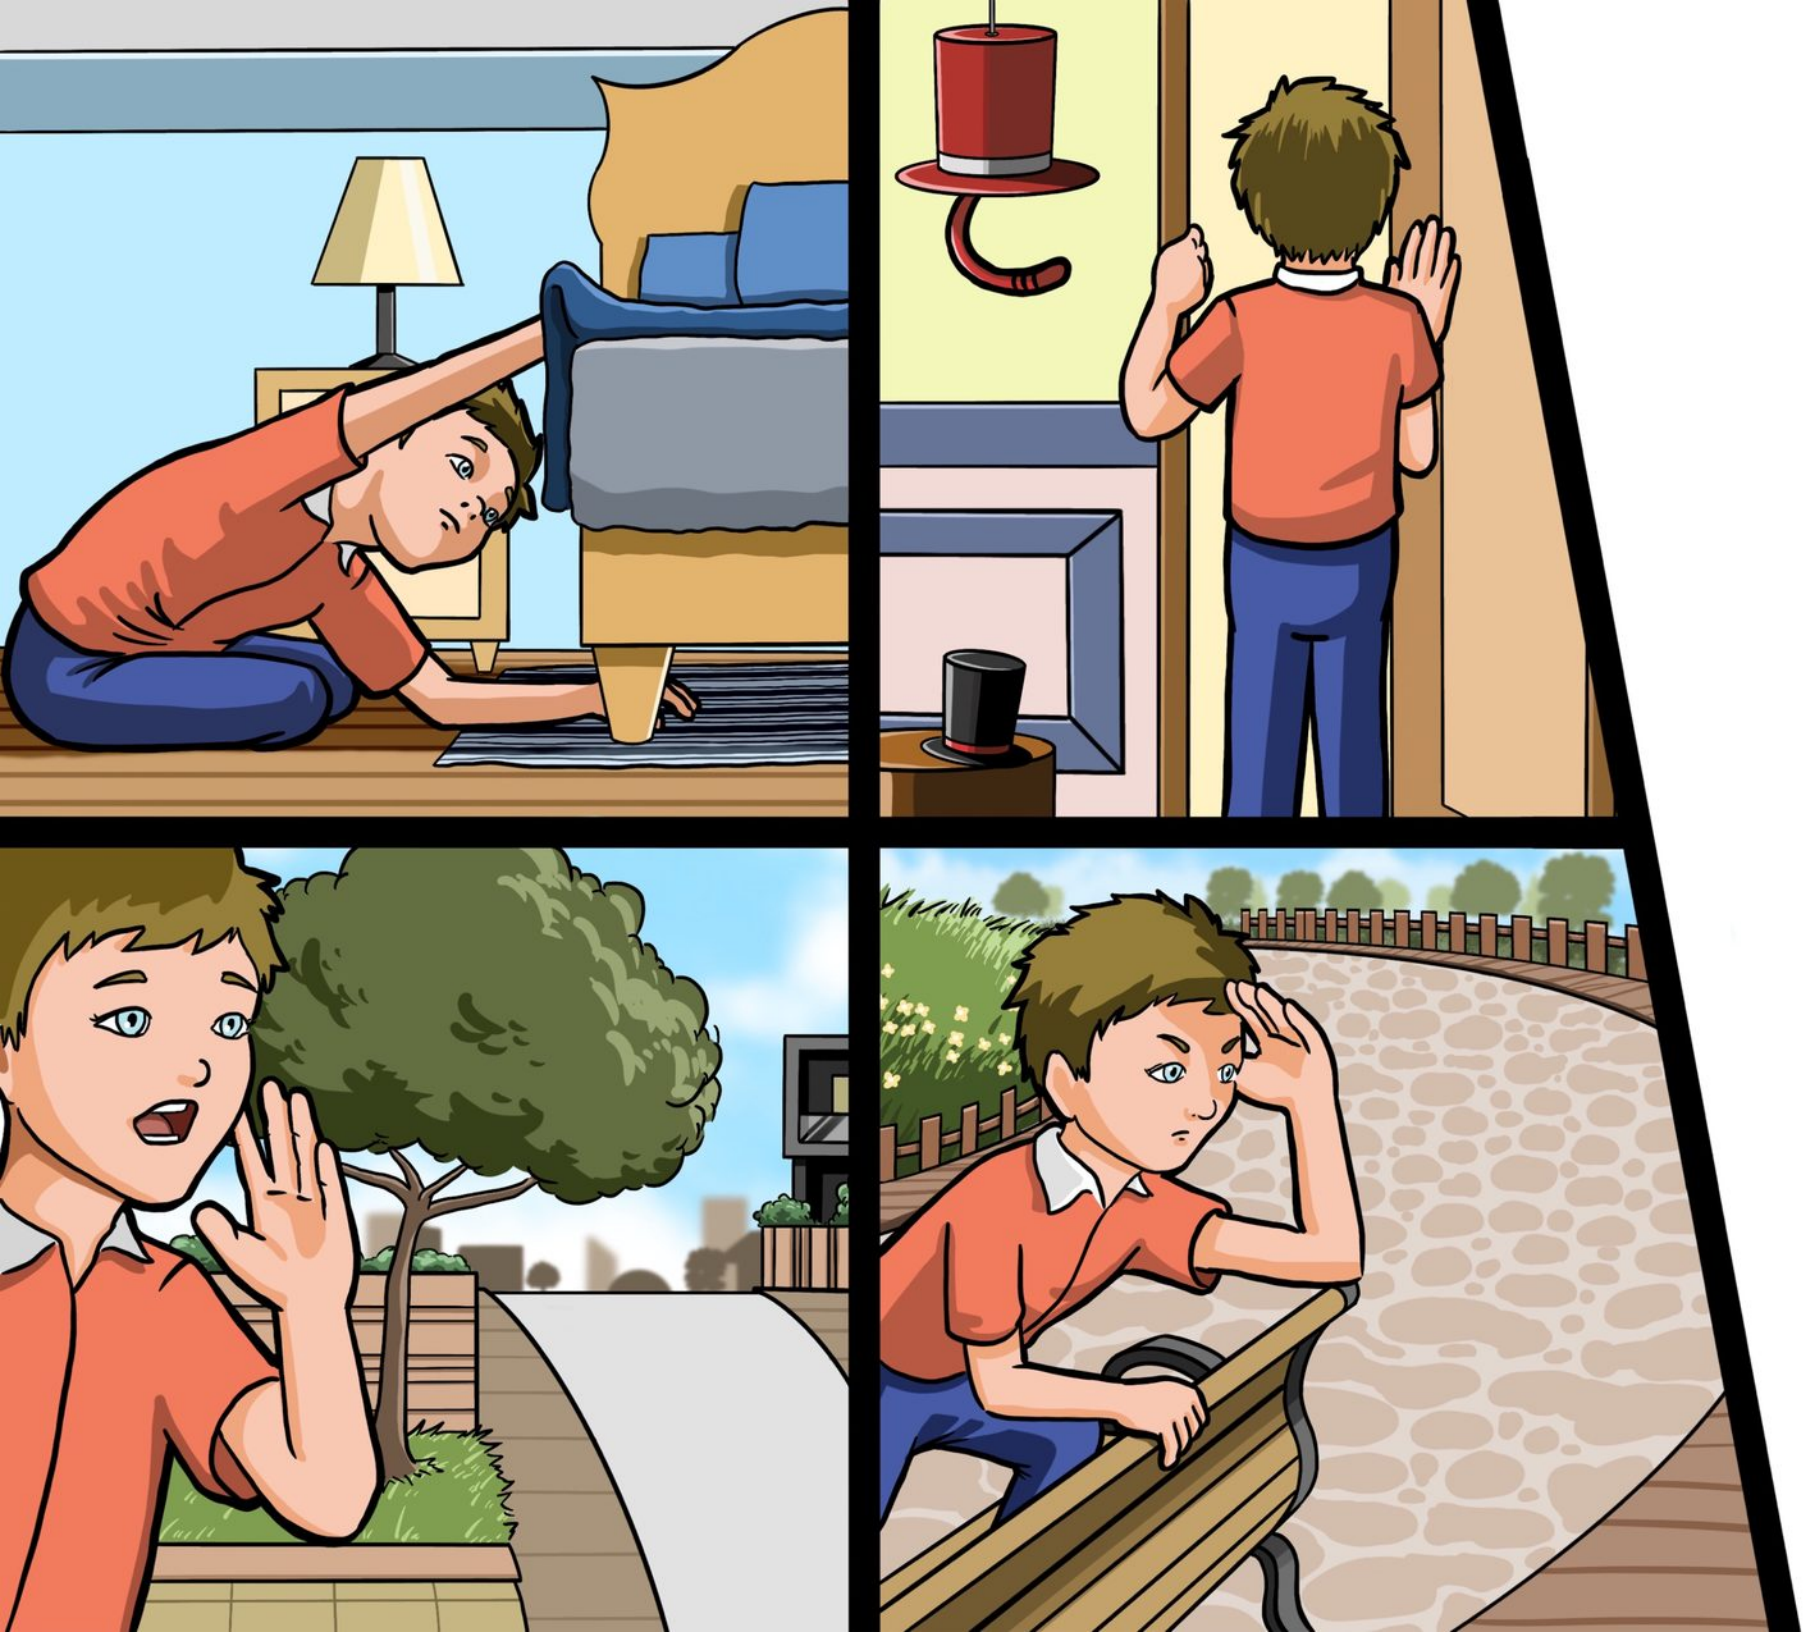

All of a sudden,
Egypt disappeared!

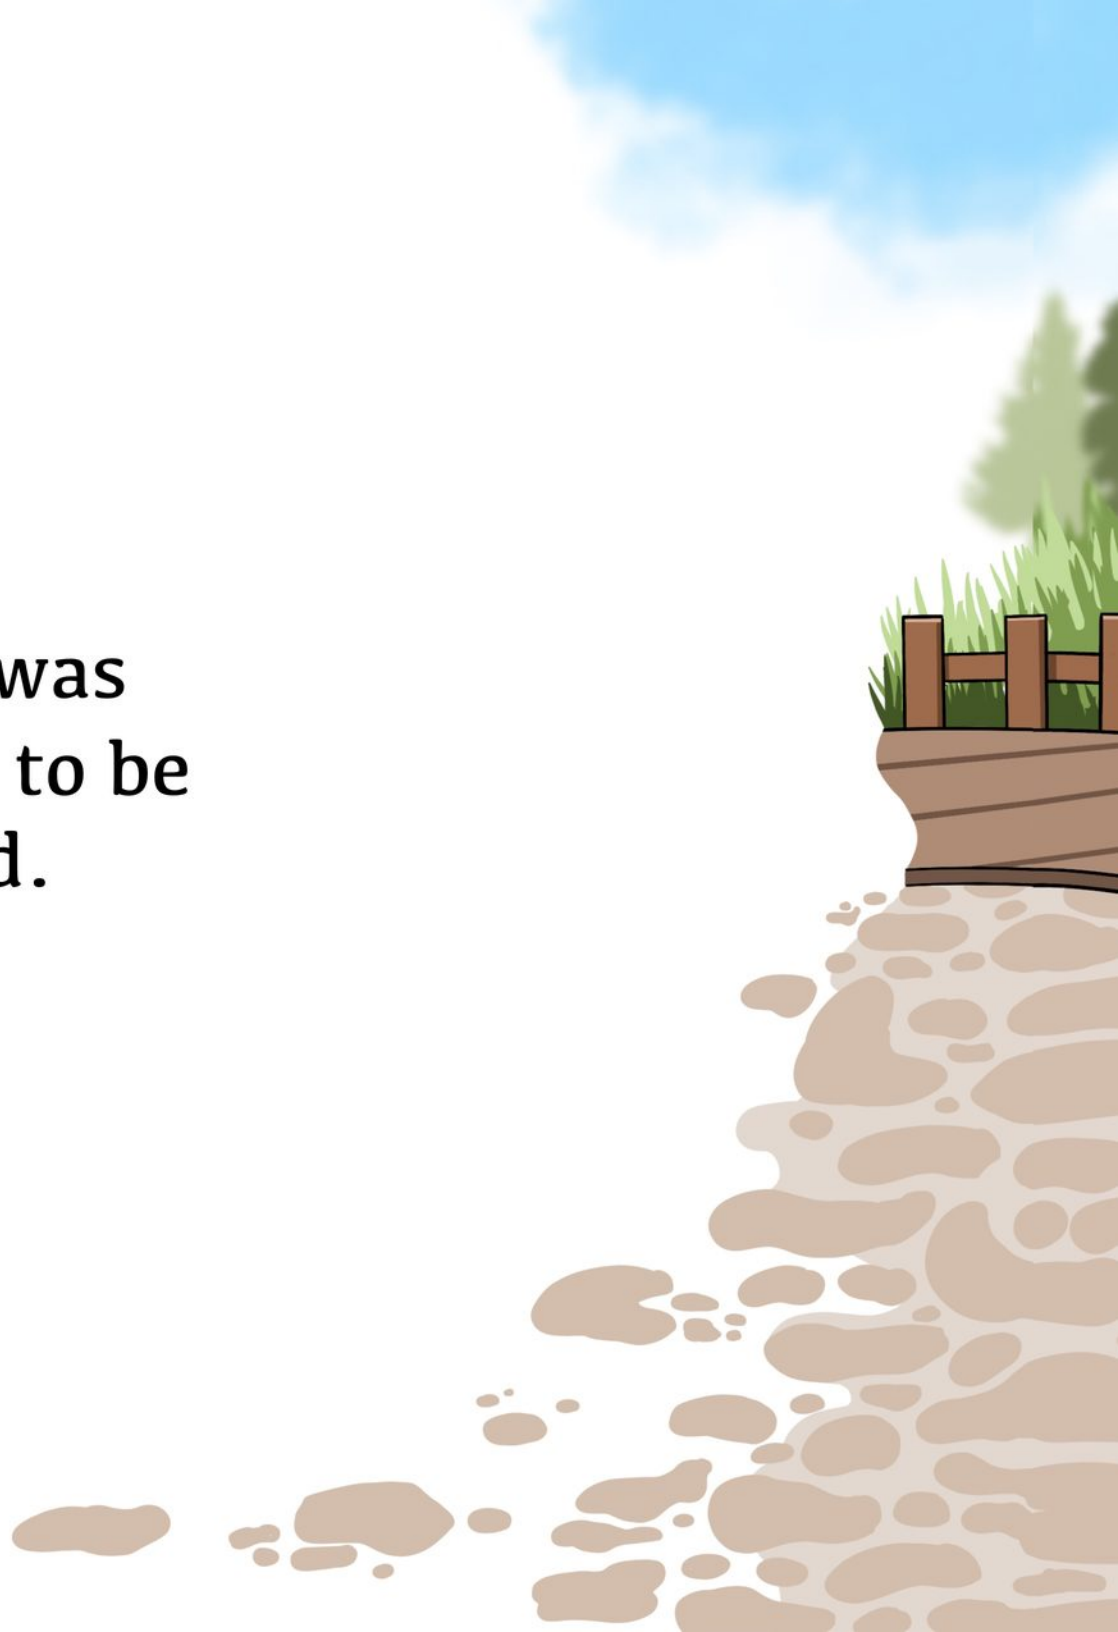

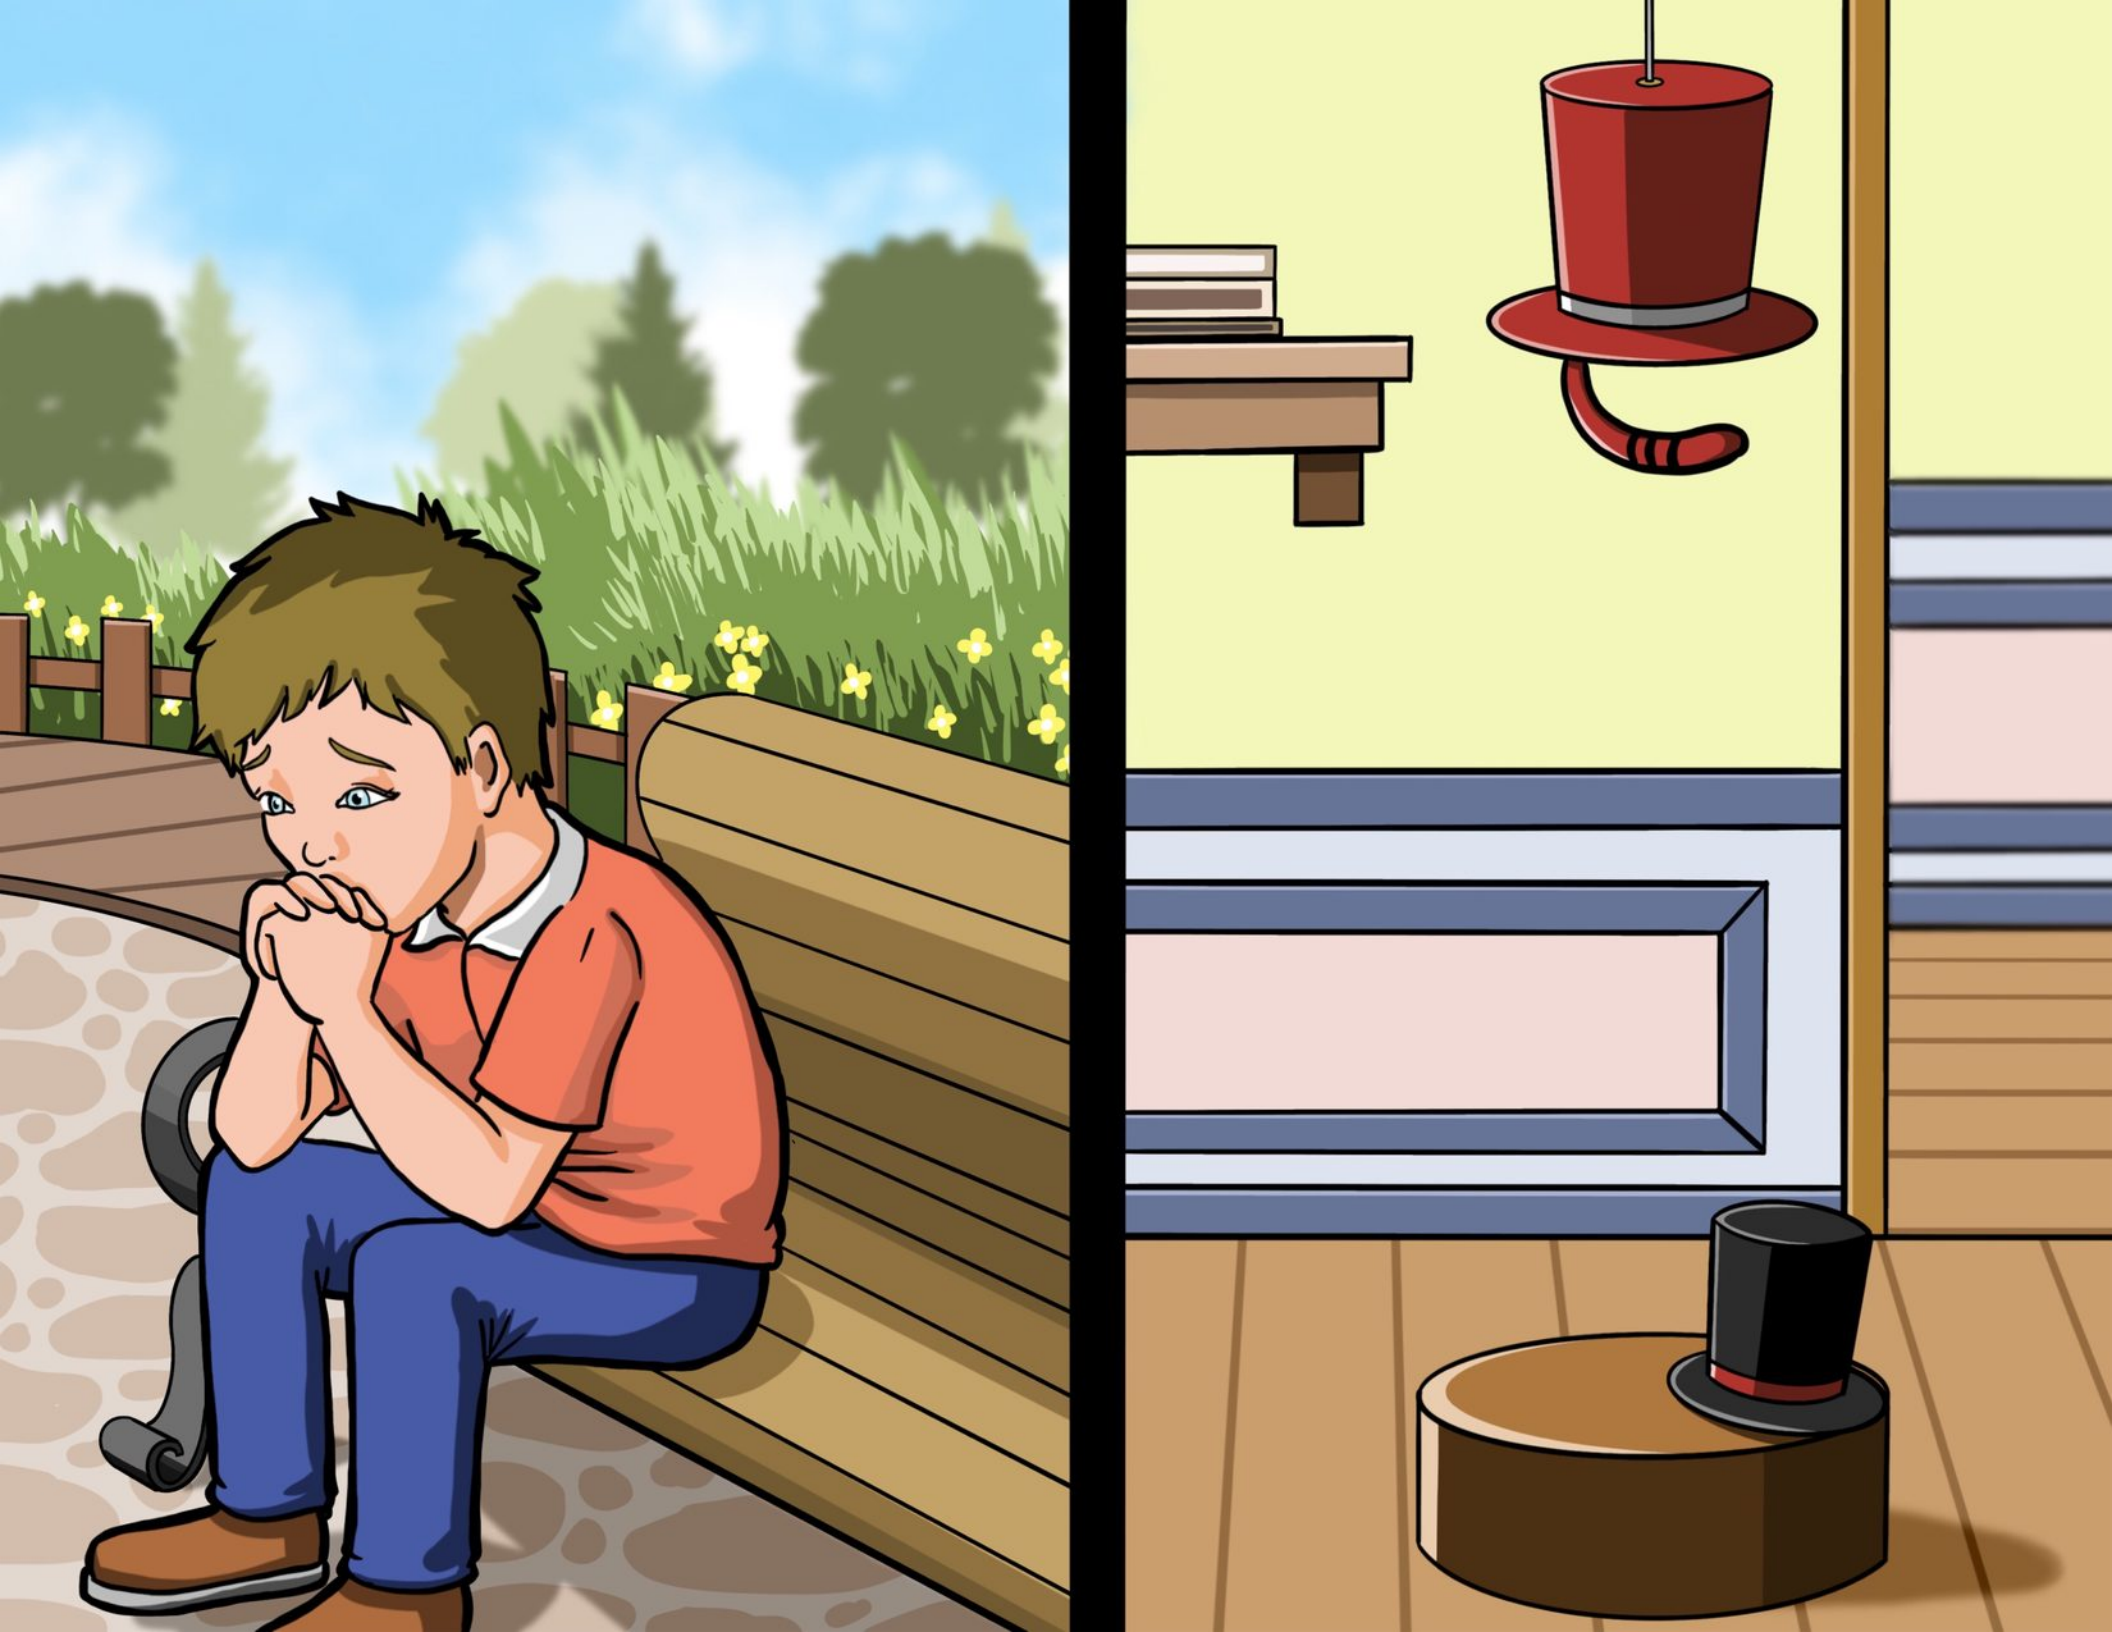

Ness looked everywhere.
He searched his room.
He searched the house.
Then he went to Egypt's favorite place in the park.

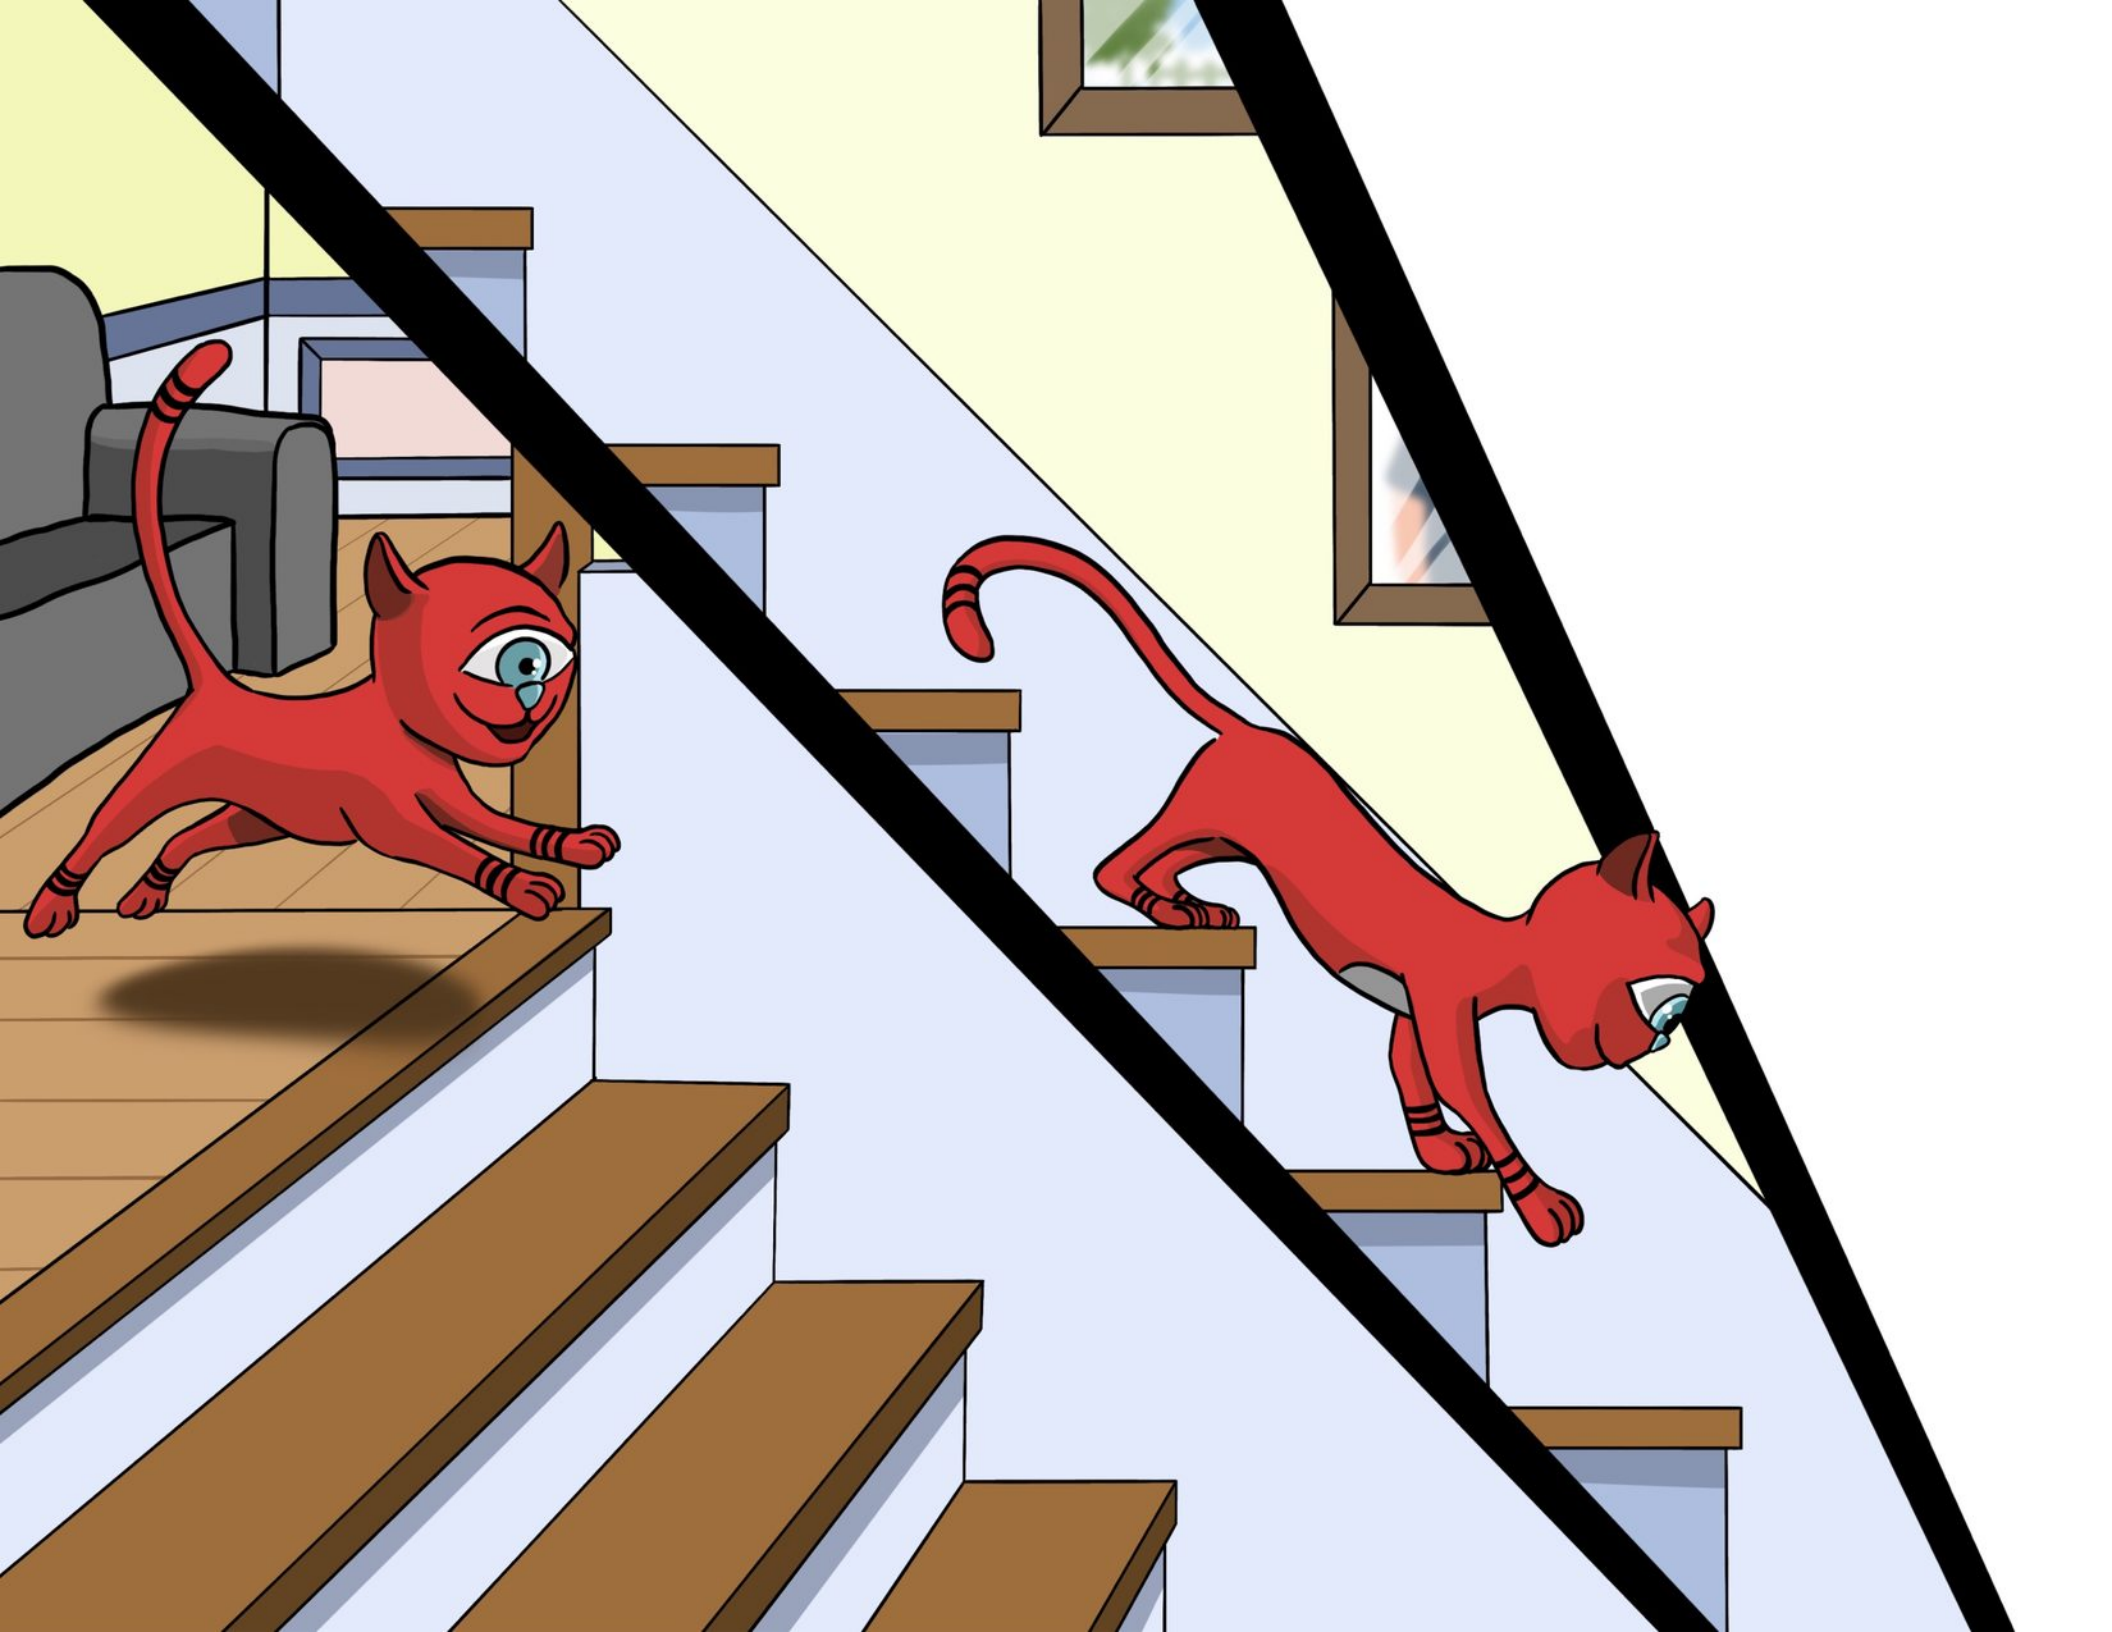

Egypt was
nowhere to be
found.

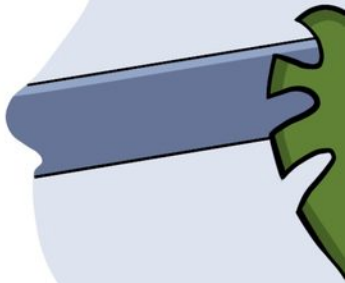

Meanwhile in the house, Egypt was curled up in a little ball inside of Ness' top hat, but he was starting to get hungry.

Egypt left his hiding spot and trotted downstairs to the kitchen.

Just then,
Ness ran into the
house.

Ness saw Egypt, and exclaimed, “Egypt, where have you been?!”

Startled,
Egypt jumped
up!

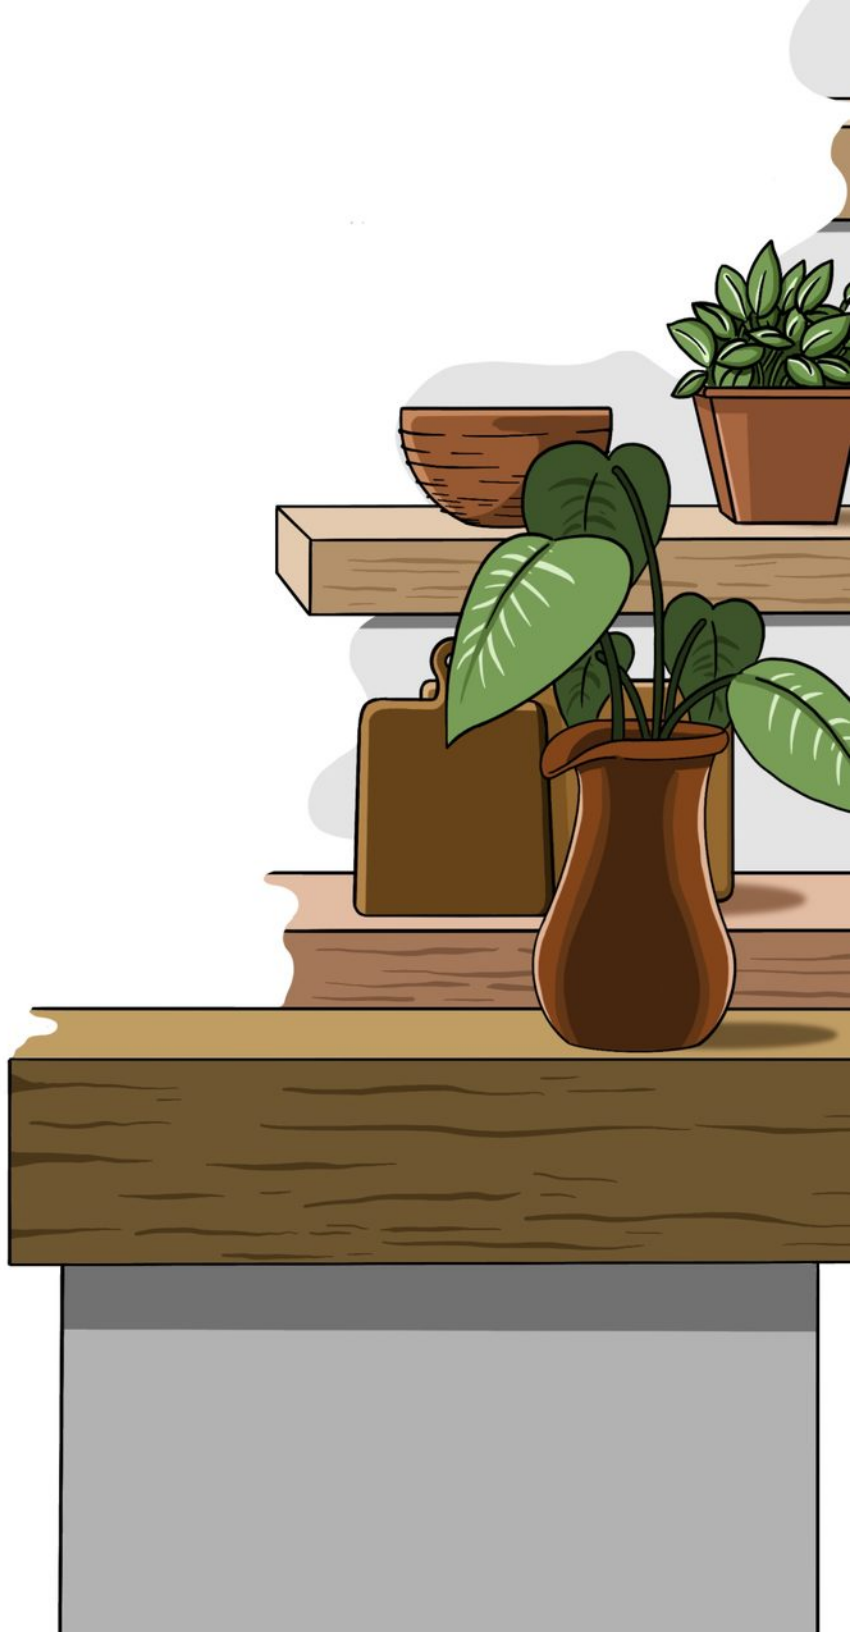

Egypt realized
how upset he
had made Ness.

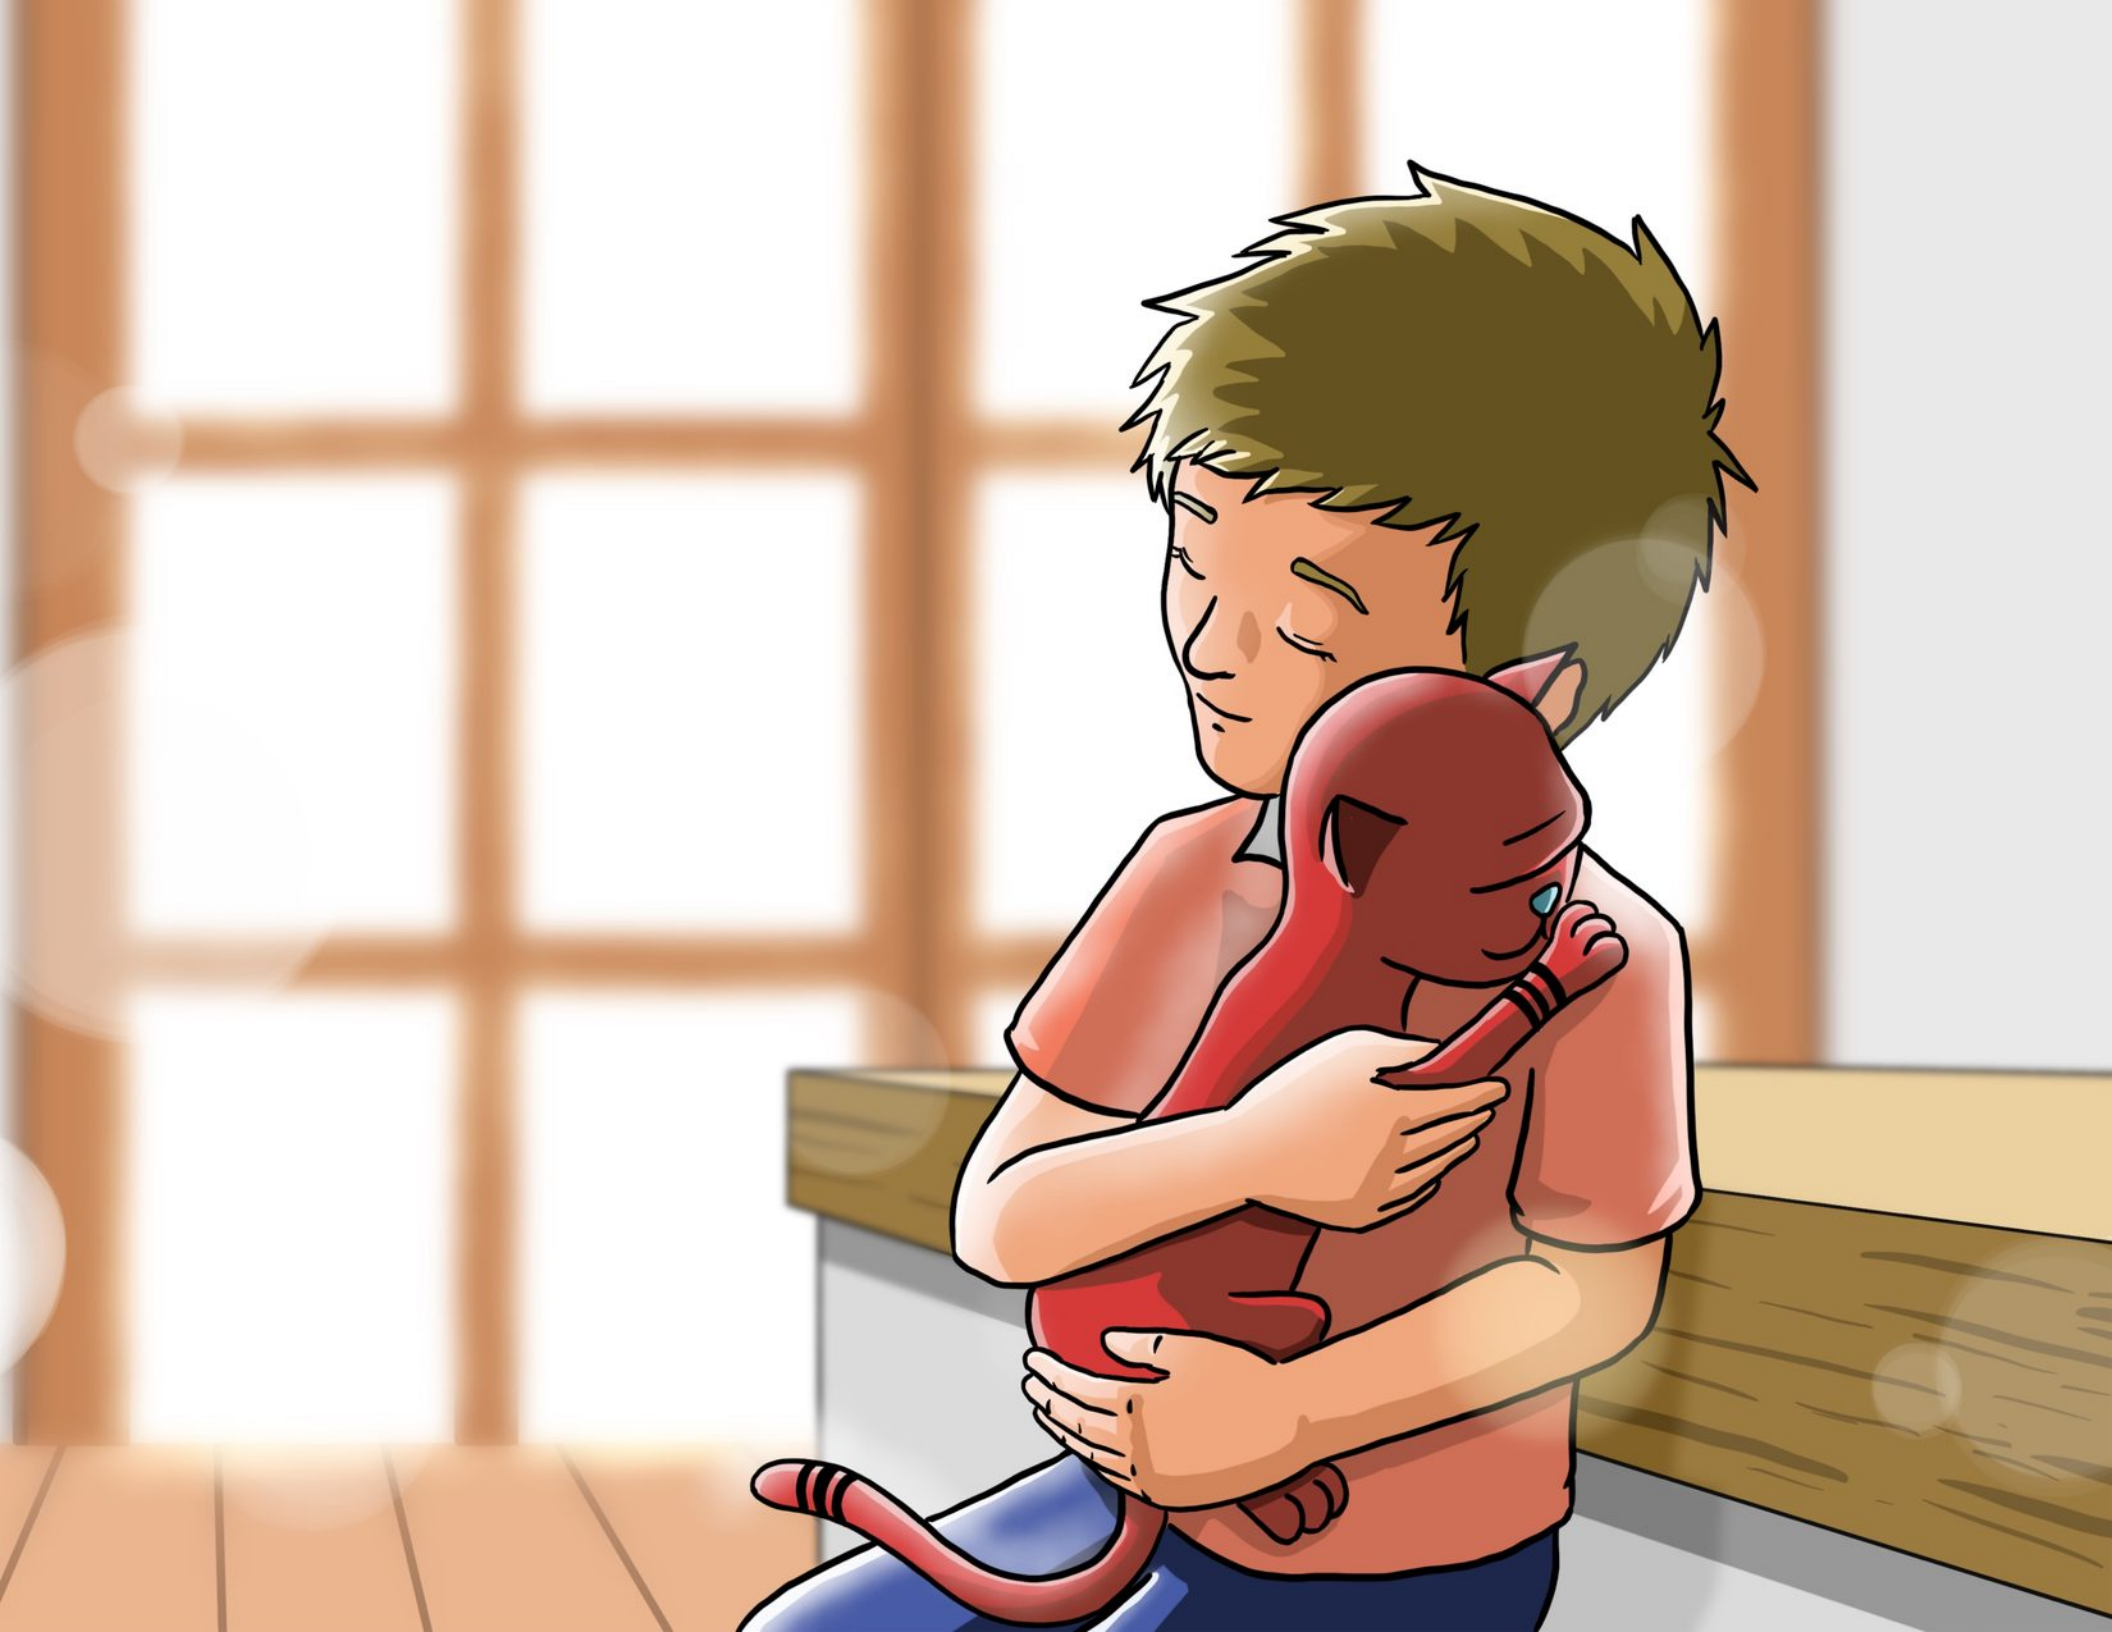

He felt sad for scaring Ness and promised never to disappear again.

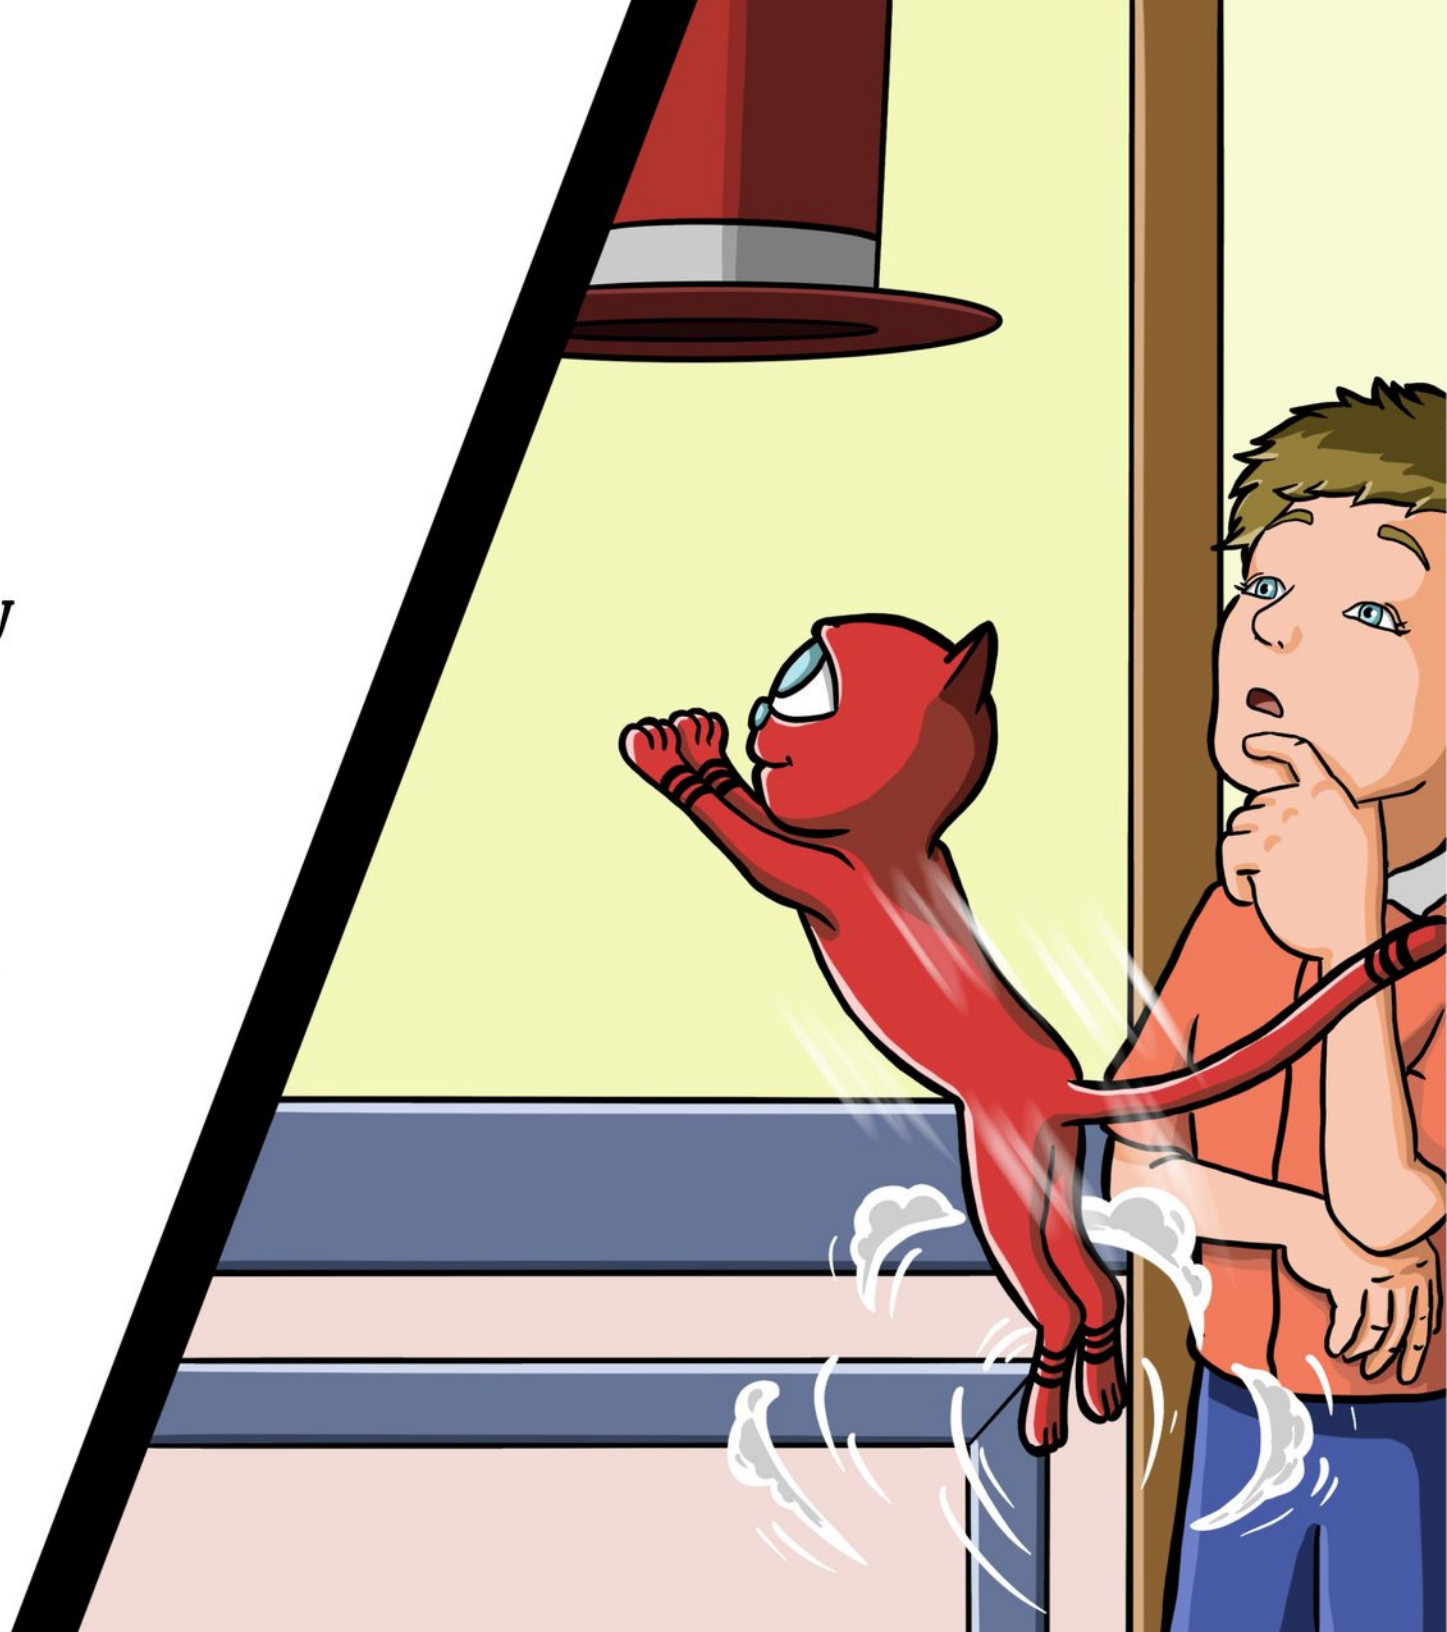

Ness was so
happy he had
found Egypt.

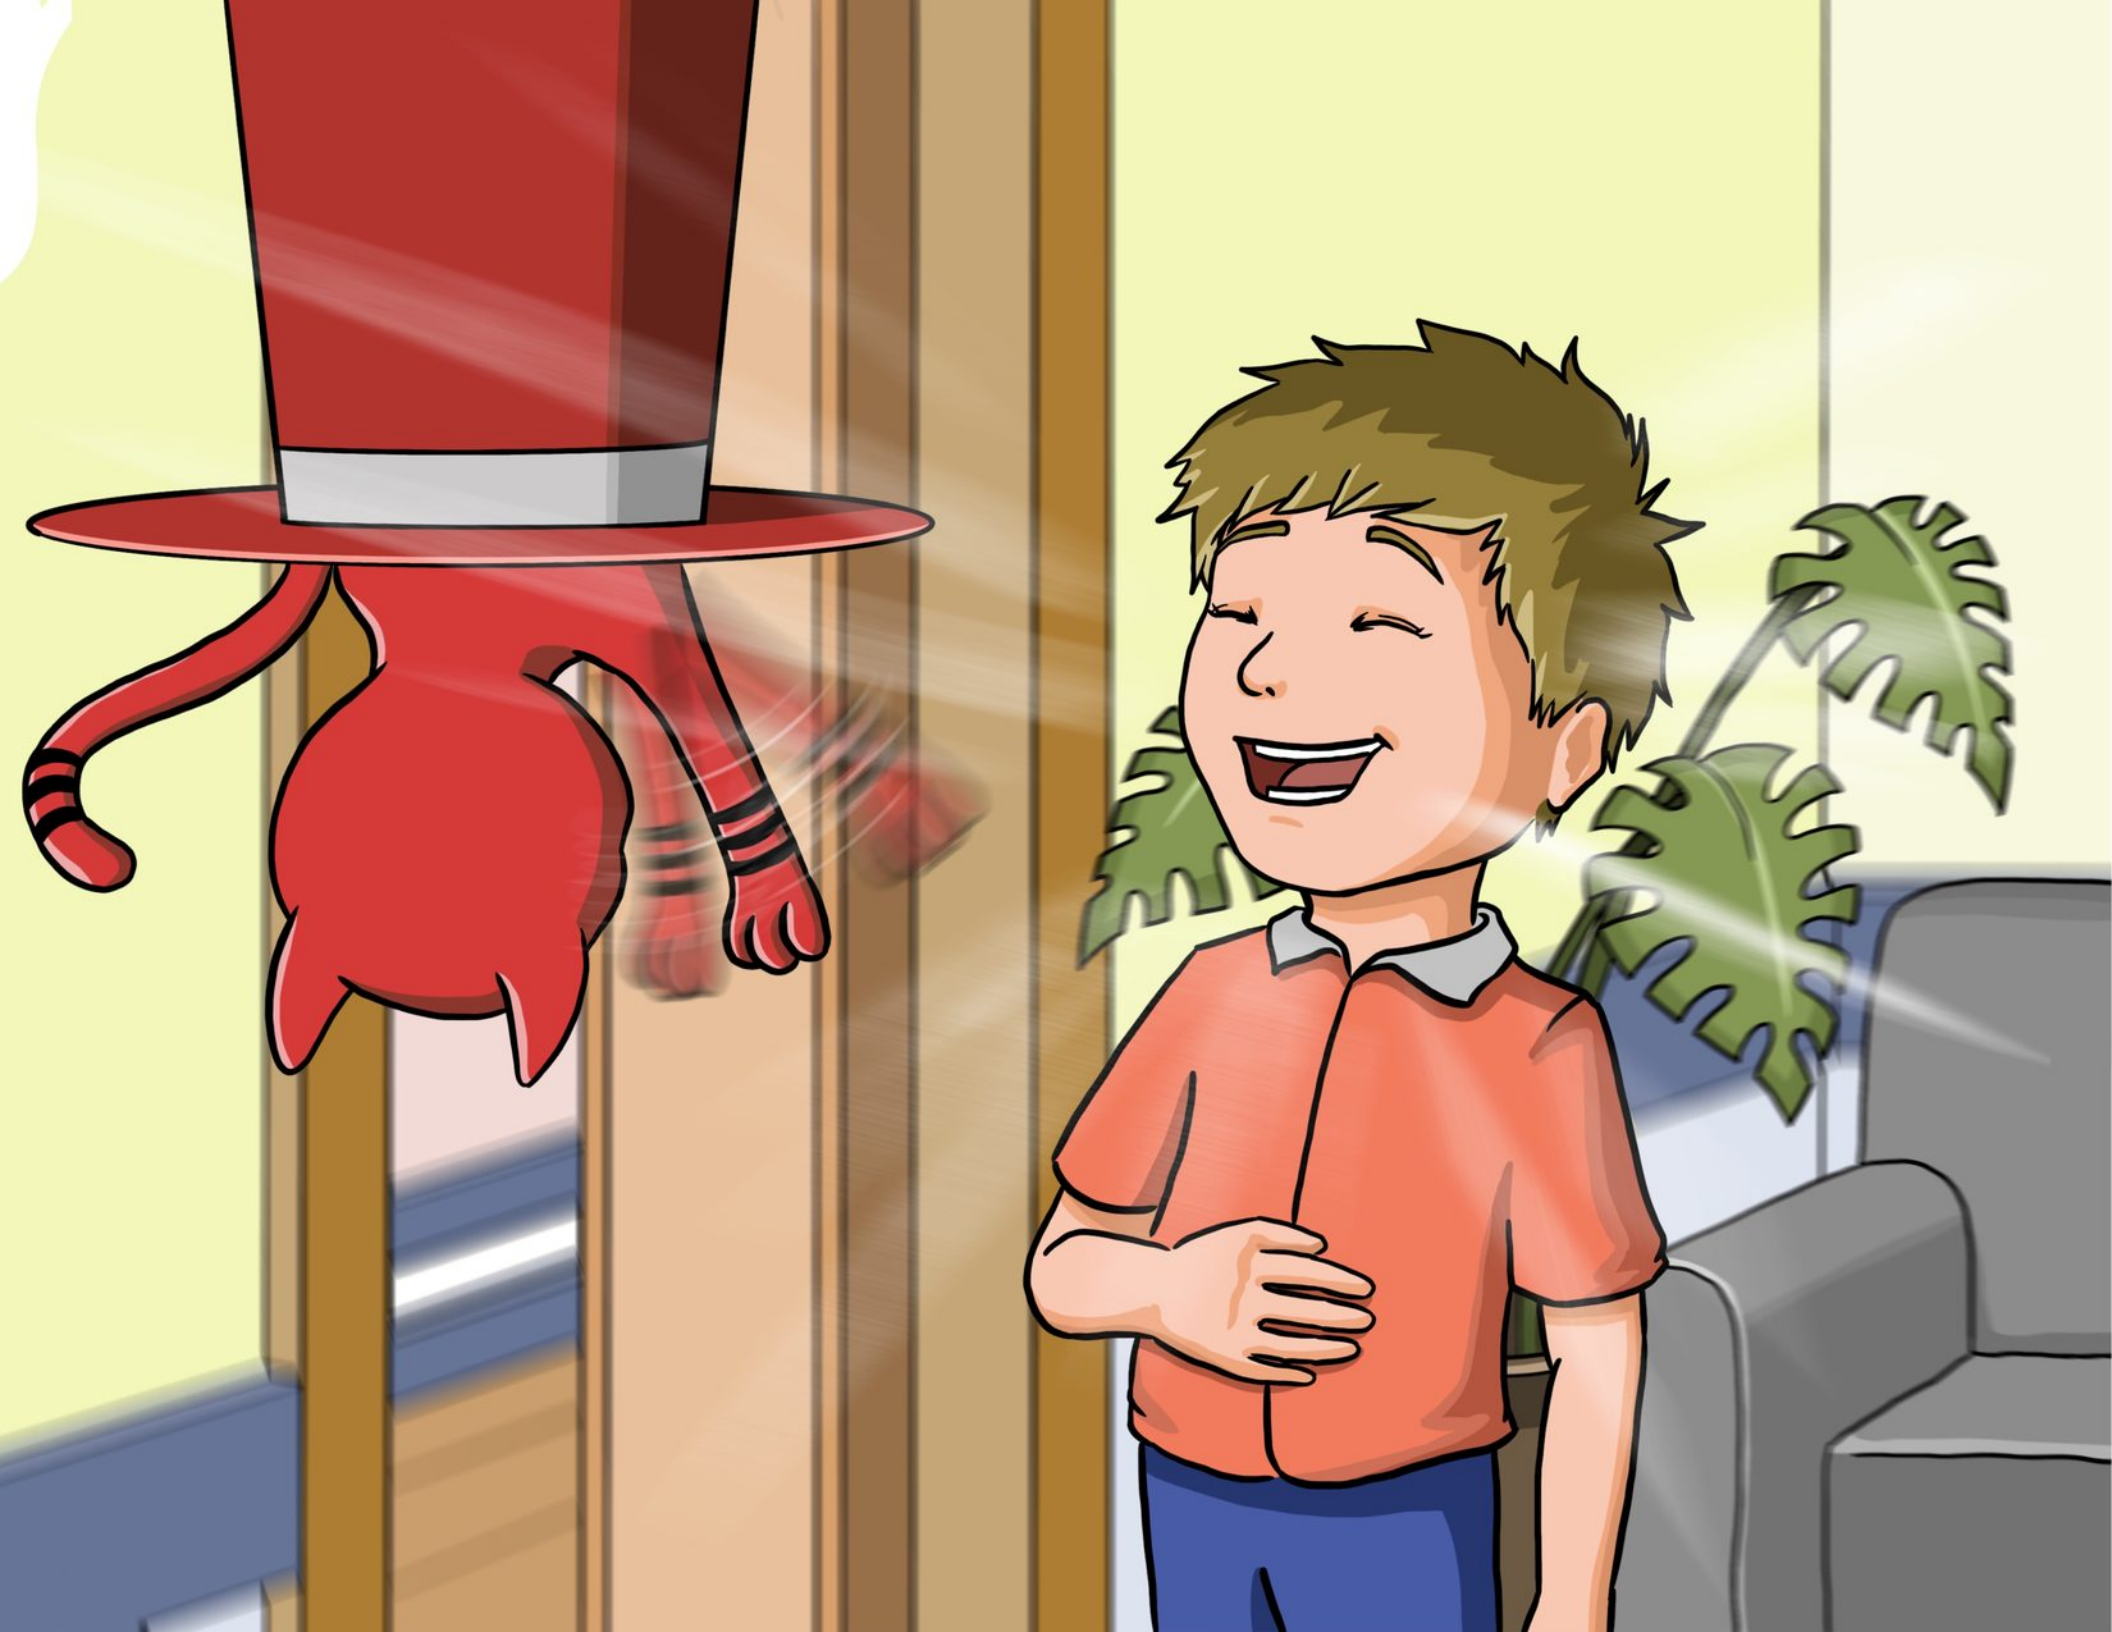

Ness asked Egypt to show him how he had done his magic disappearing trick.

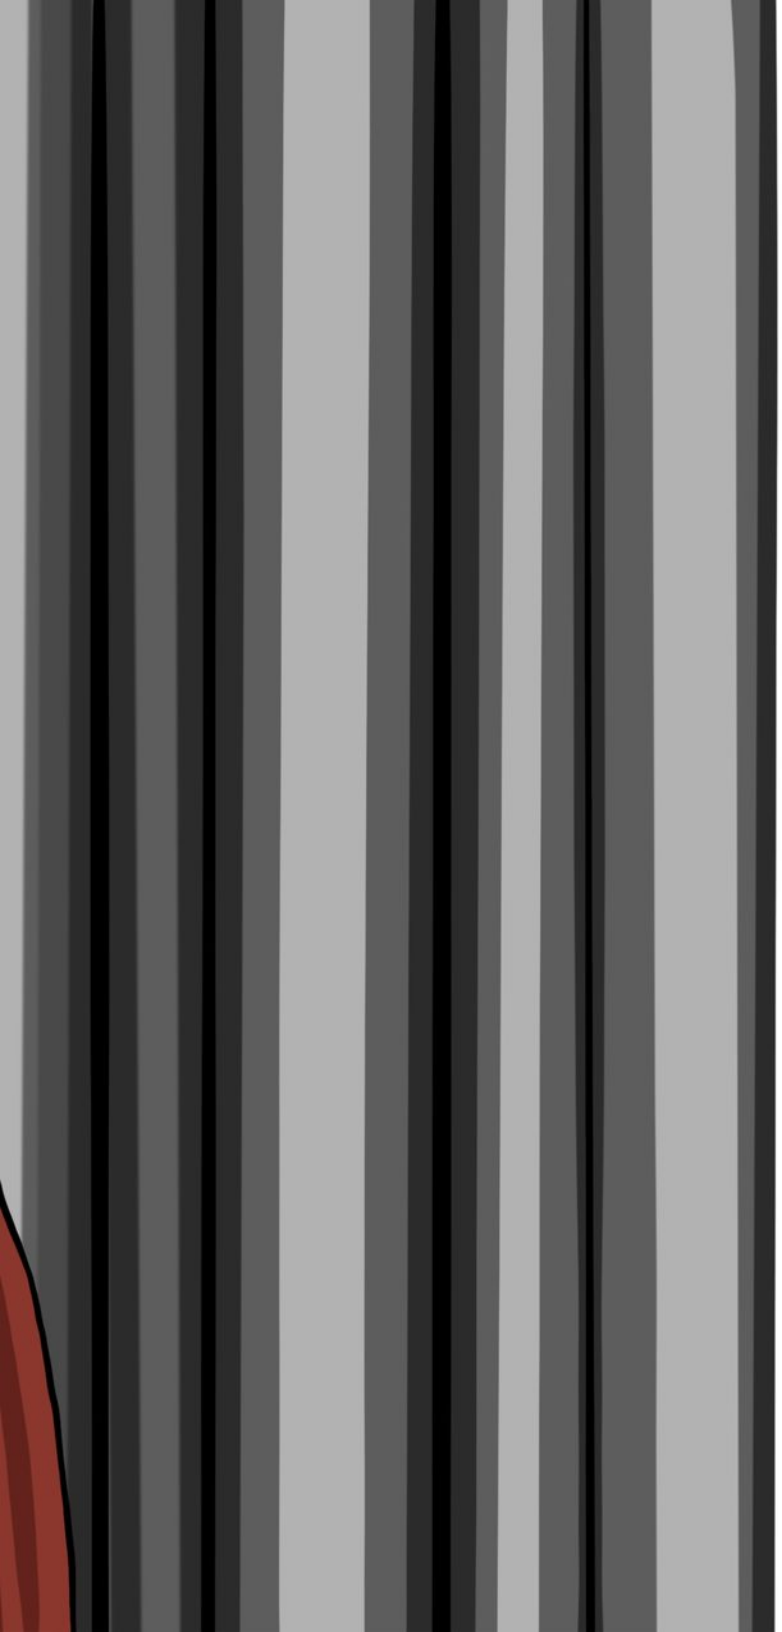

Ness laughed with
his whole belly
after Egypt showed
him the trick!

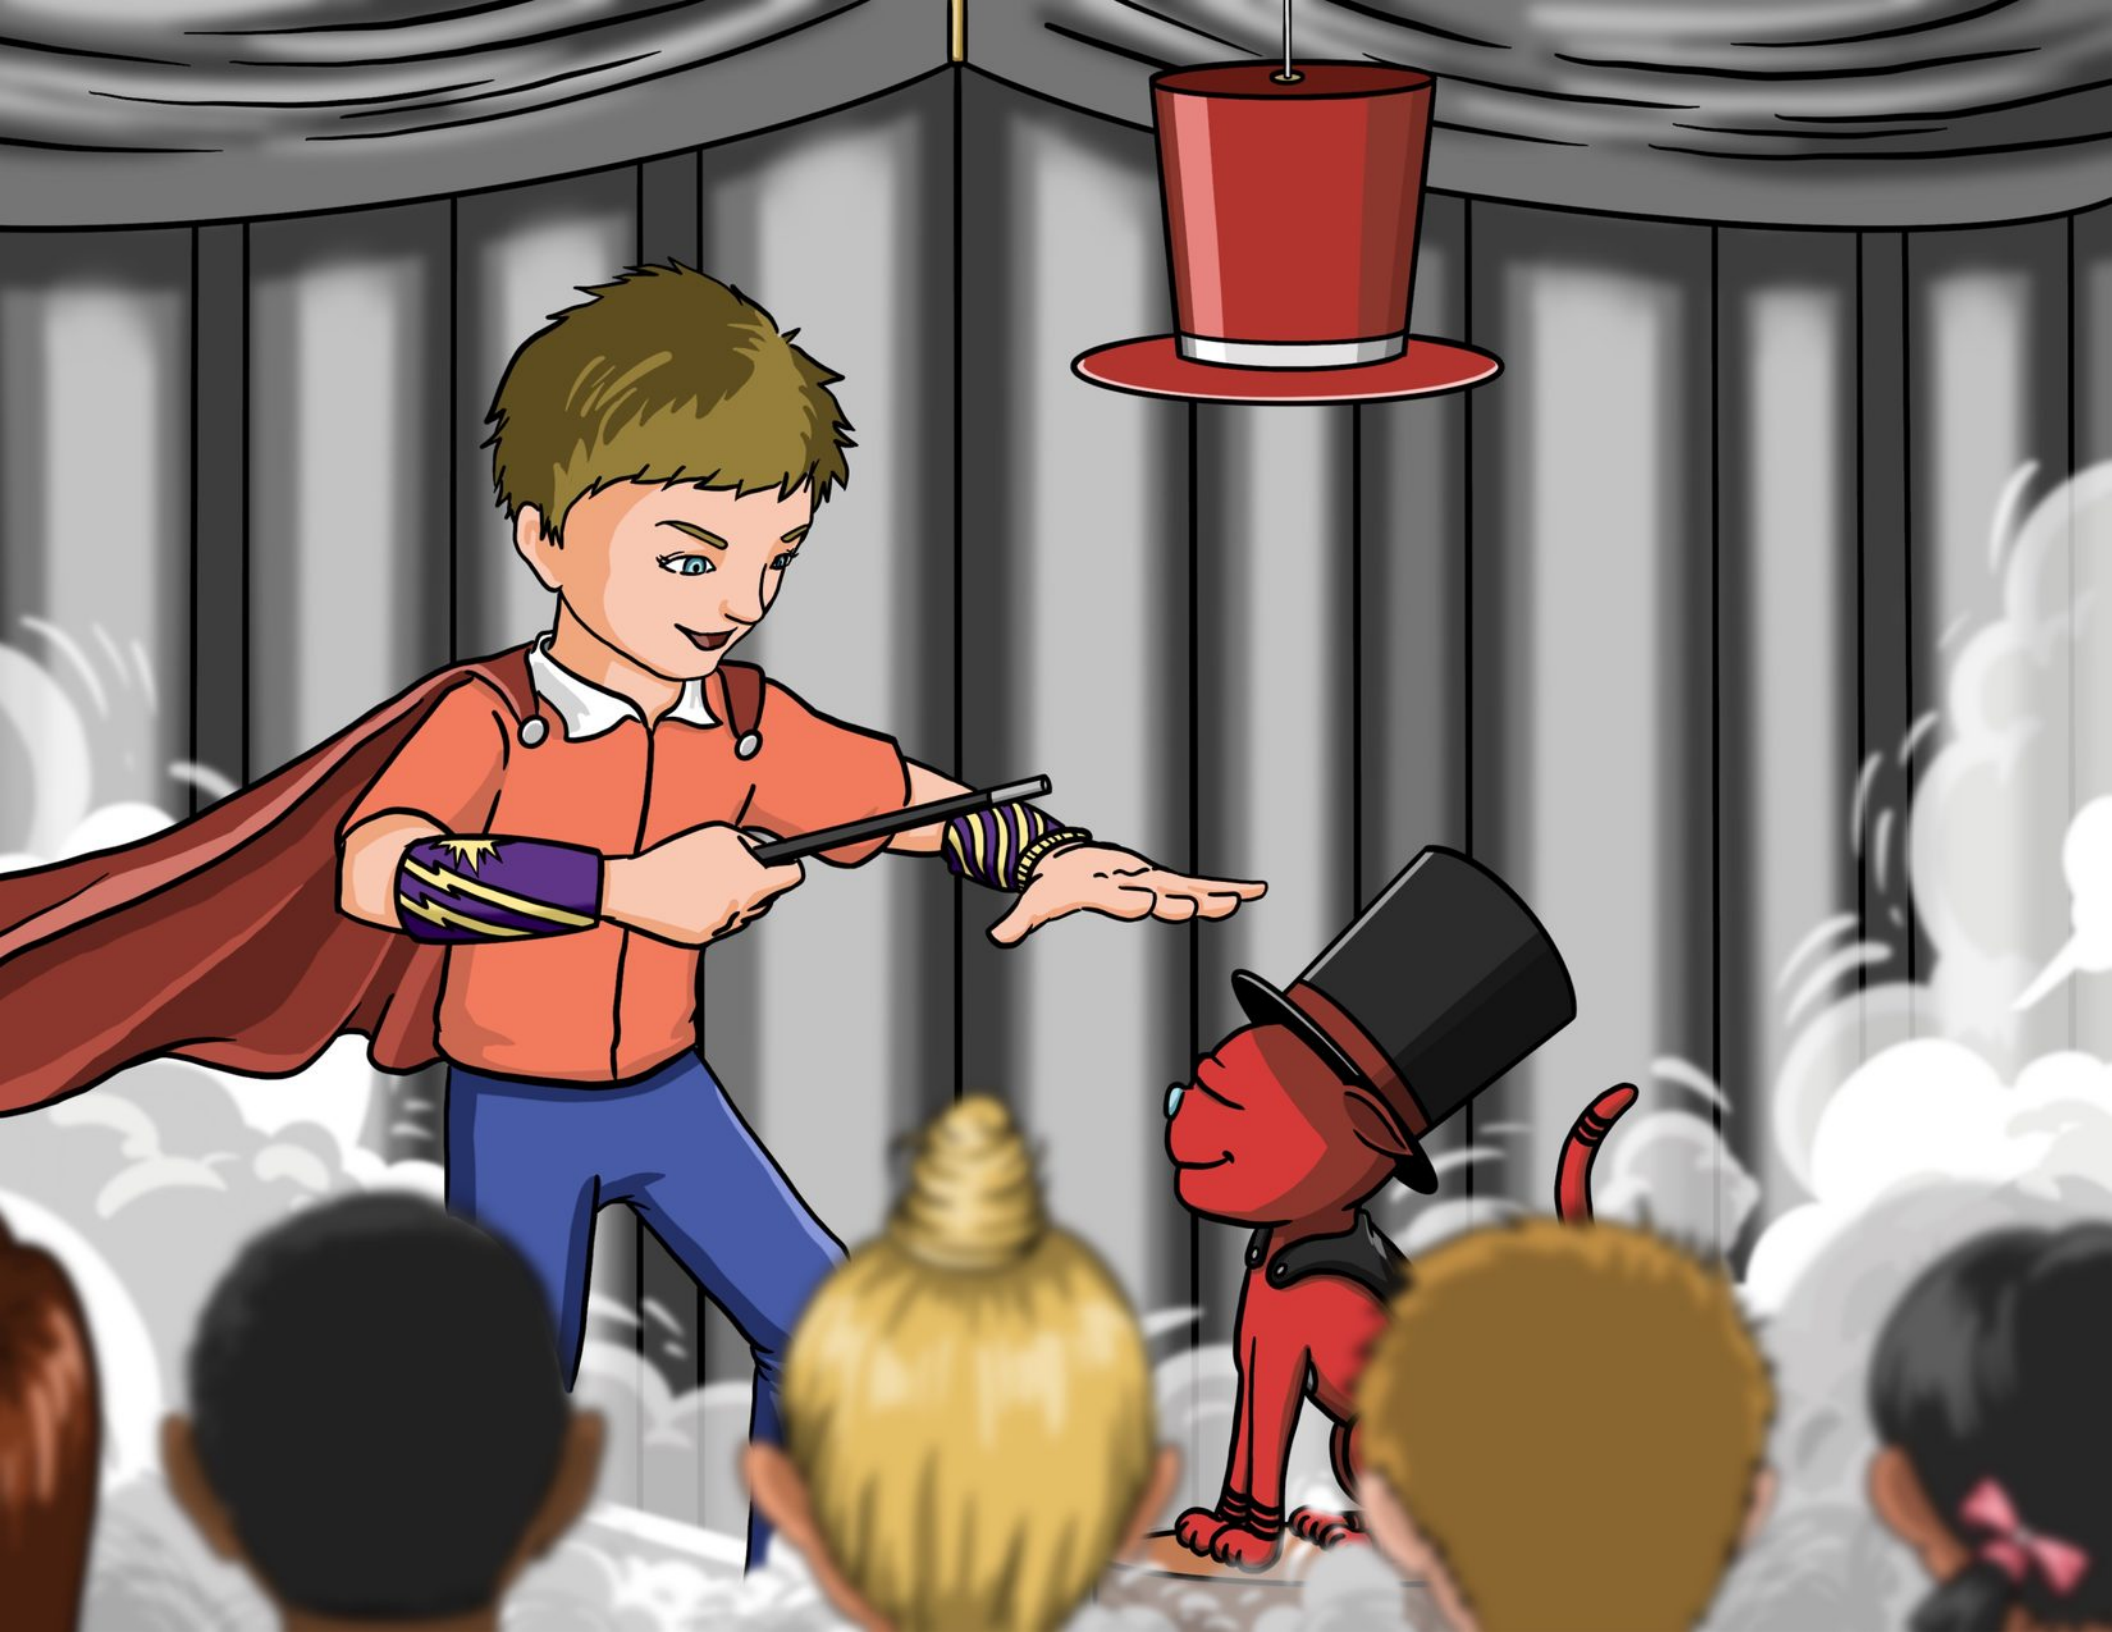

Egypt and Ness decided to perform a show for all their friends.

“Cat-I-Tat-Tat!”
cried Ness.

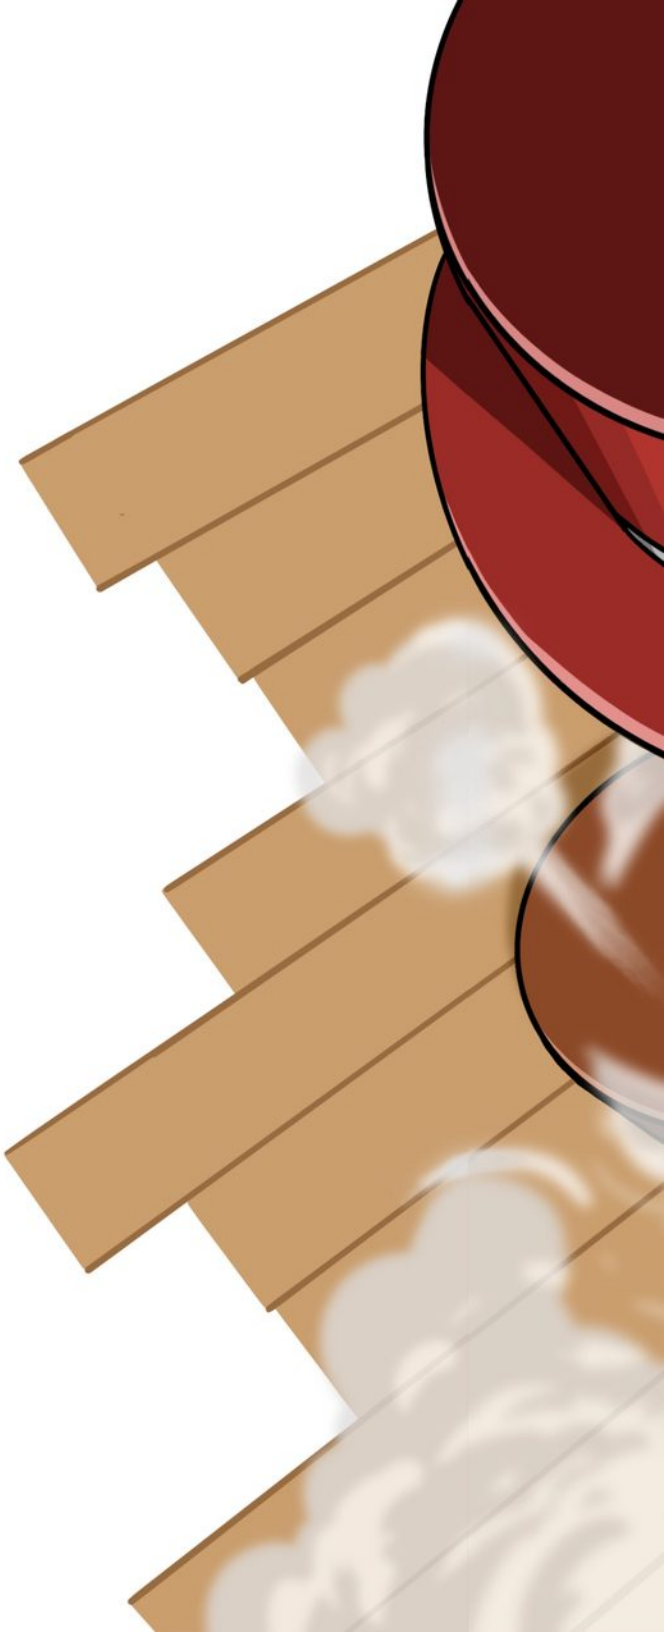

Everyone in the crowd gasped in disbelief!

Egypt had
disappeared.

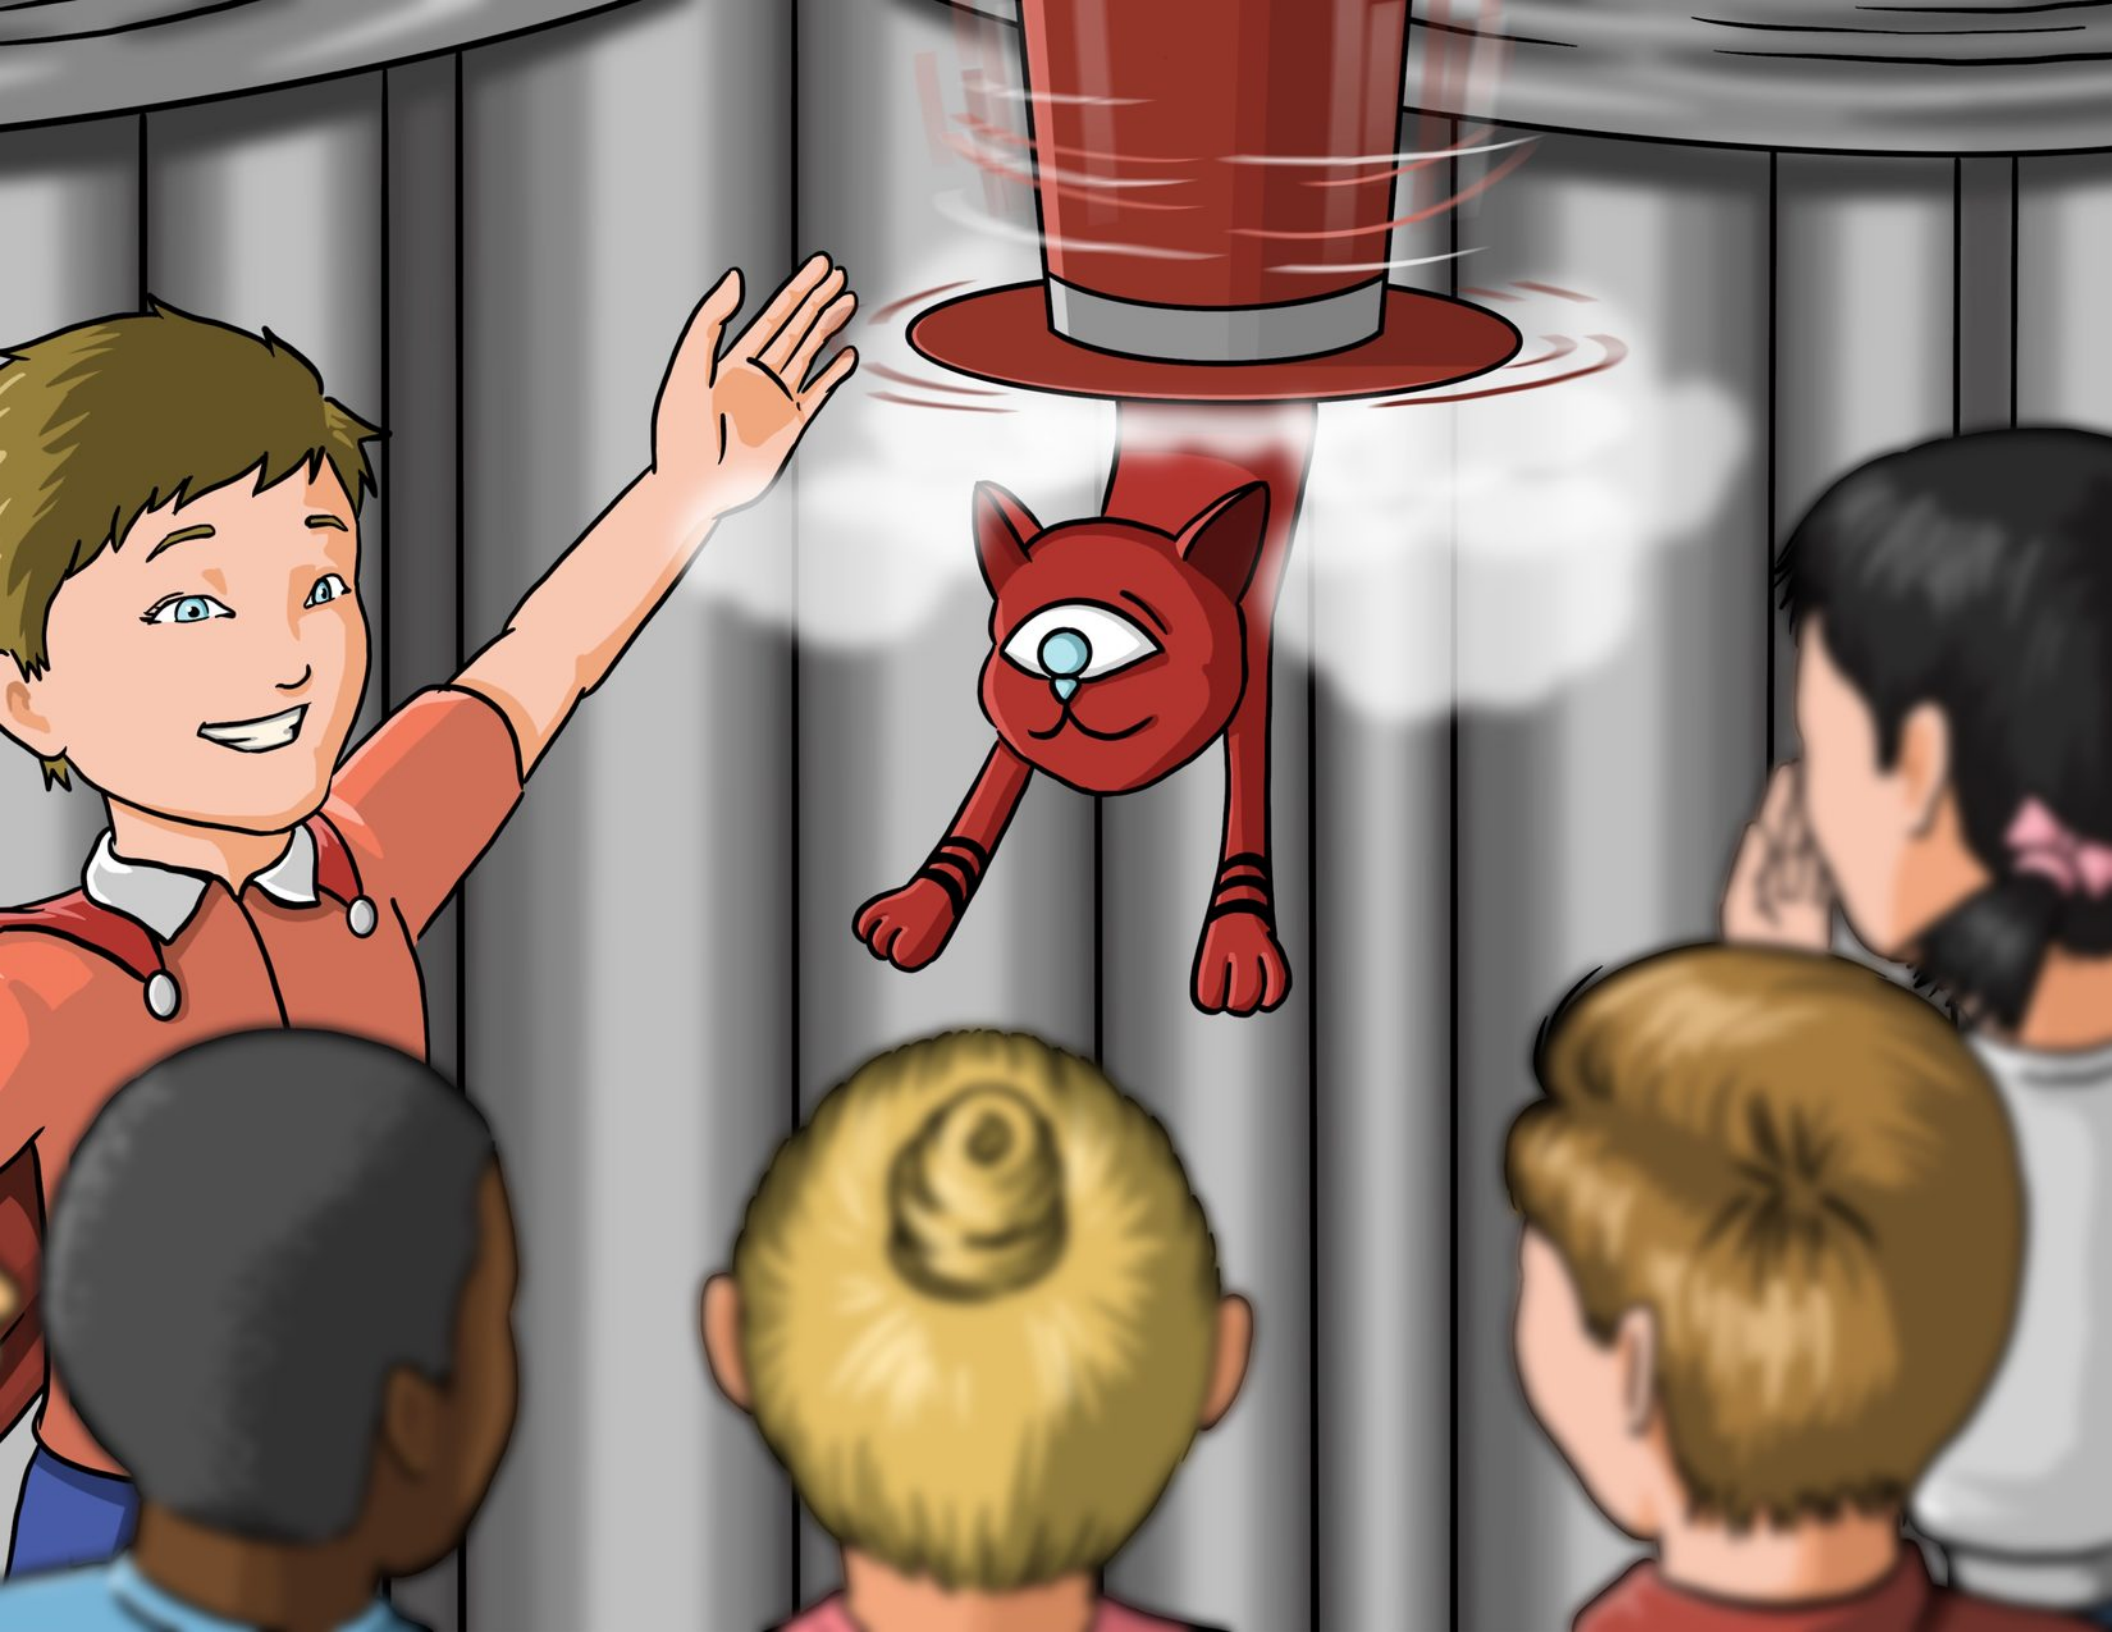

No one could
figure out where
Egypt had gone.

As the audience searched and searched, Egypt slowly descended from the top hat.

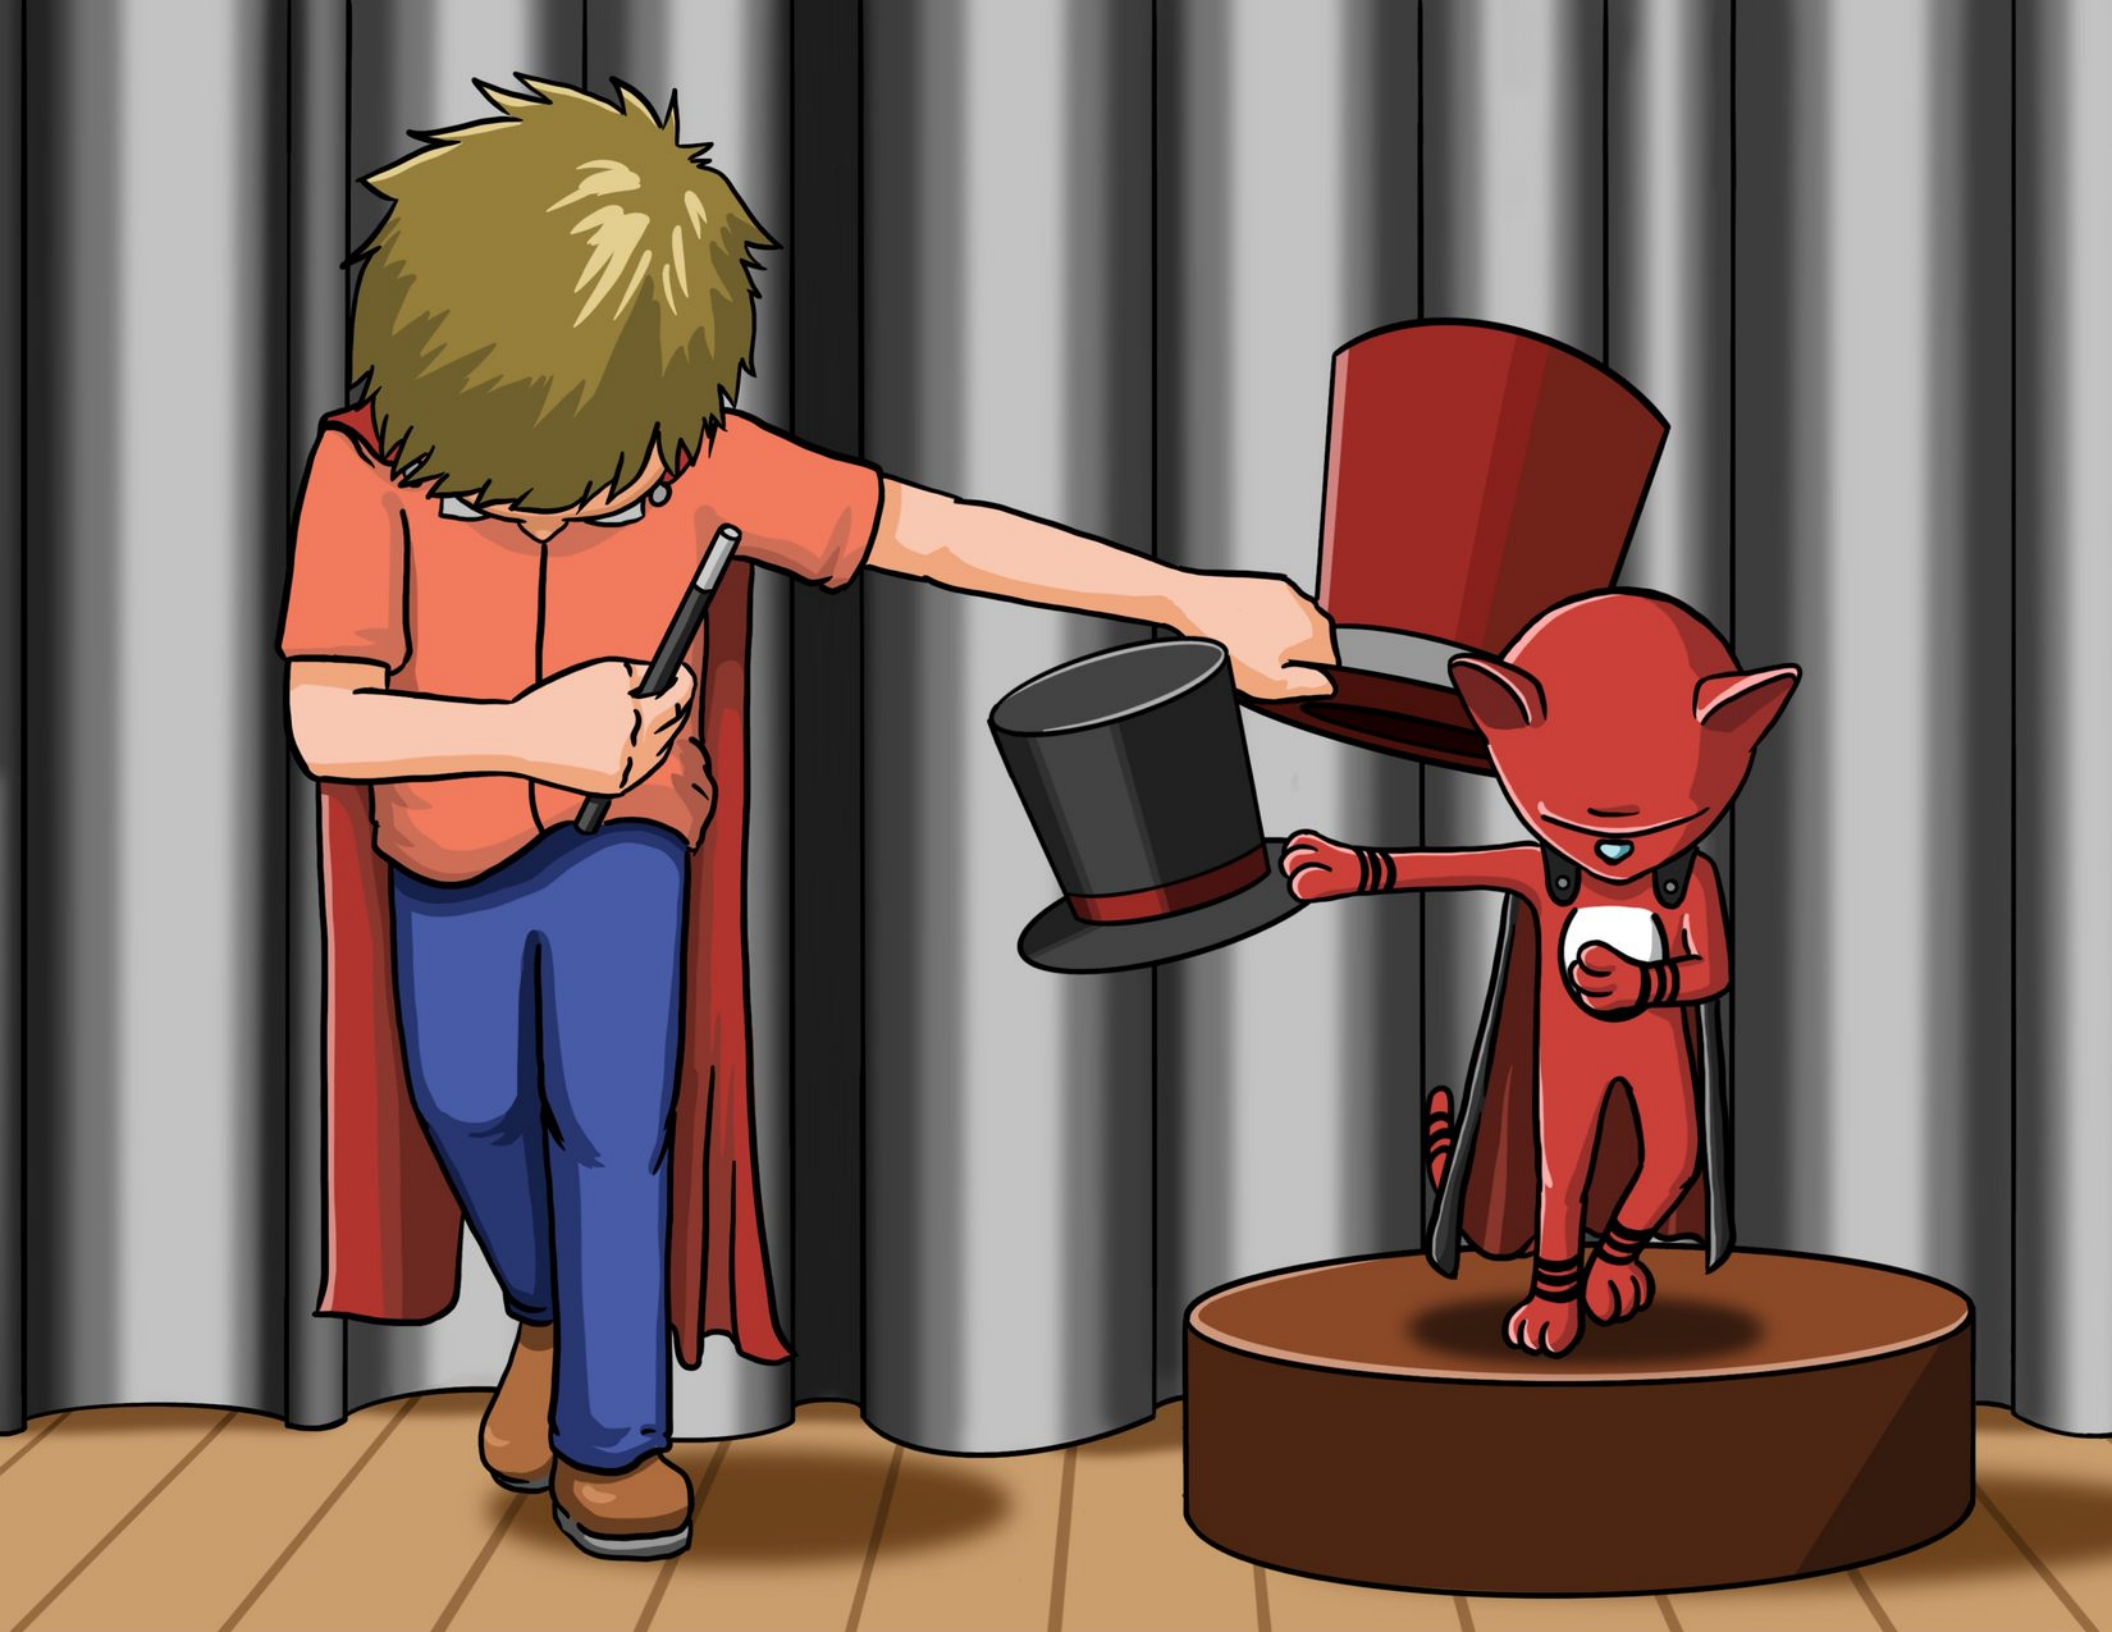

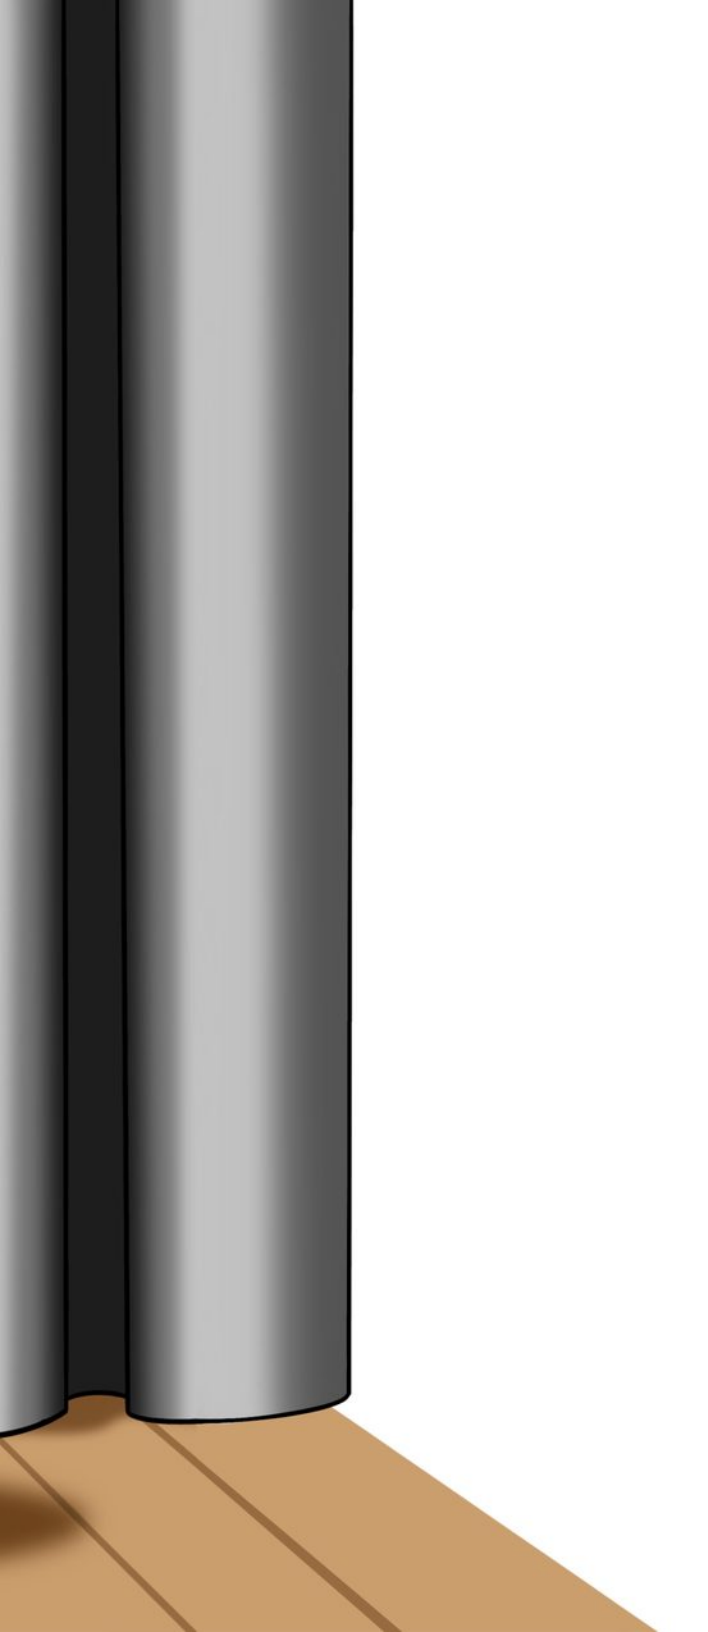

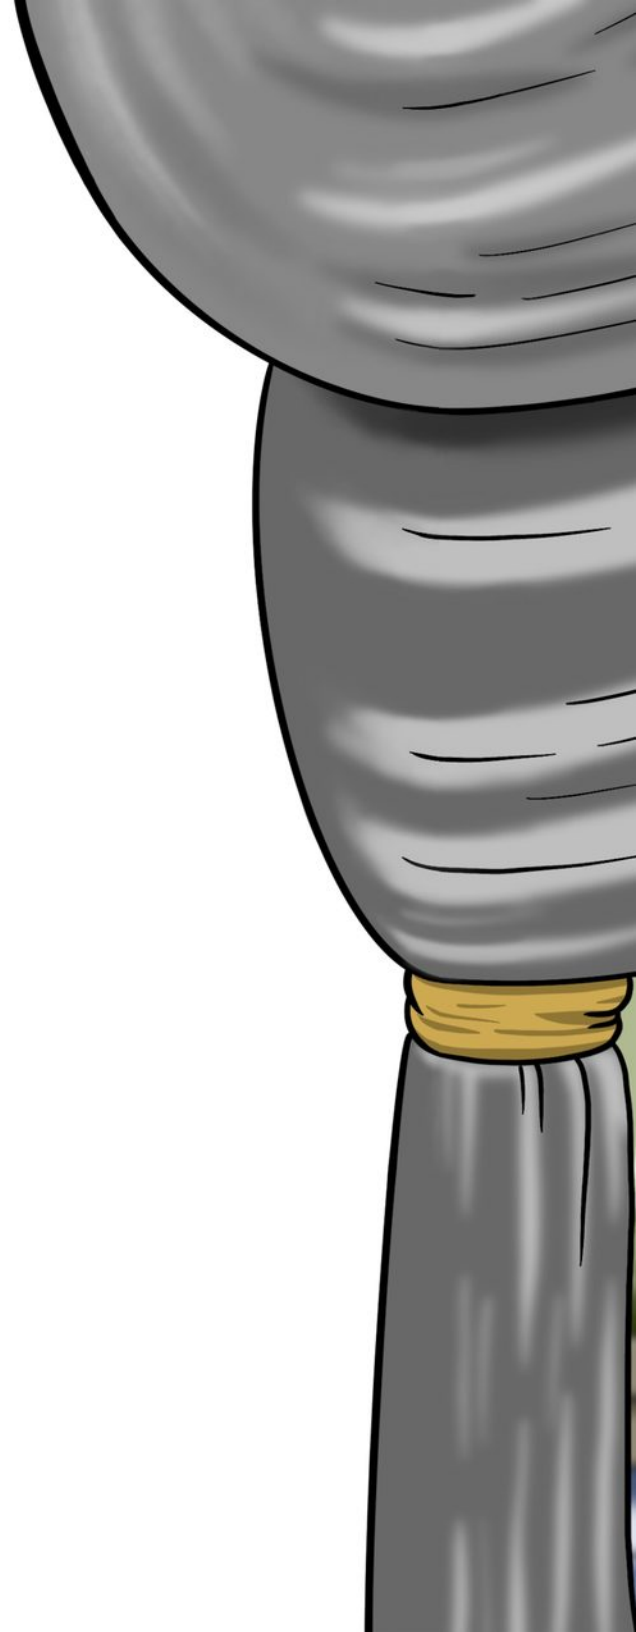

Everyone laughed
and clapped!

Ness and Egypt
smiled and bowed
to the audience.

What a
great trick!

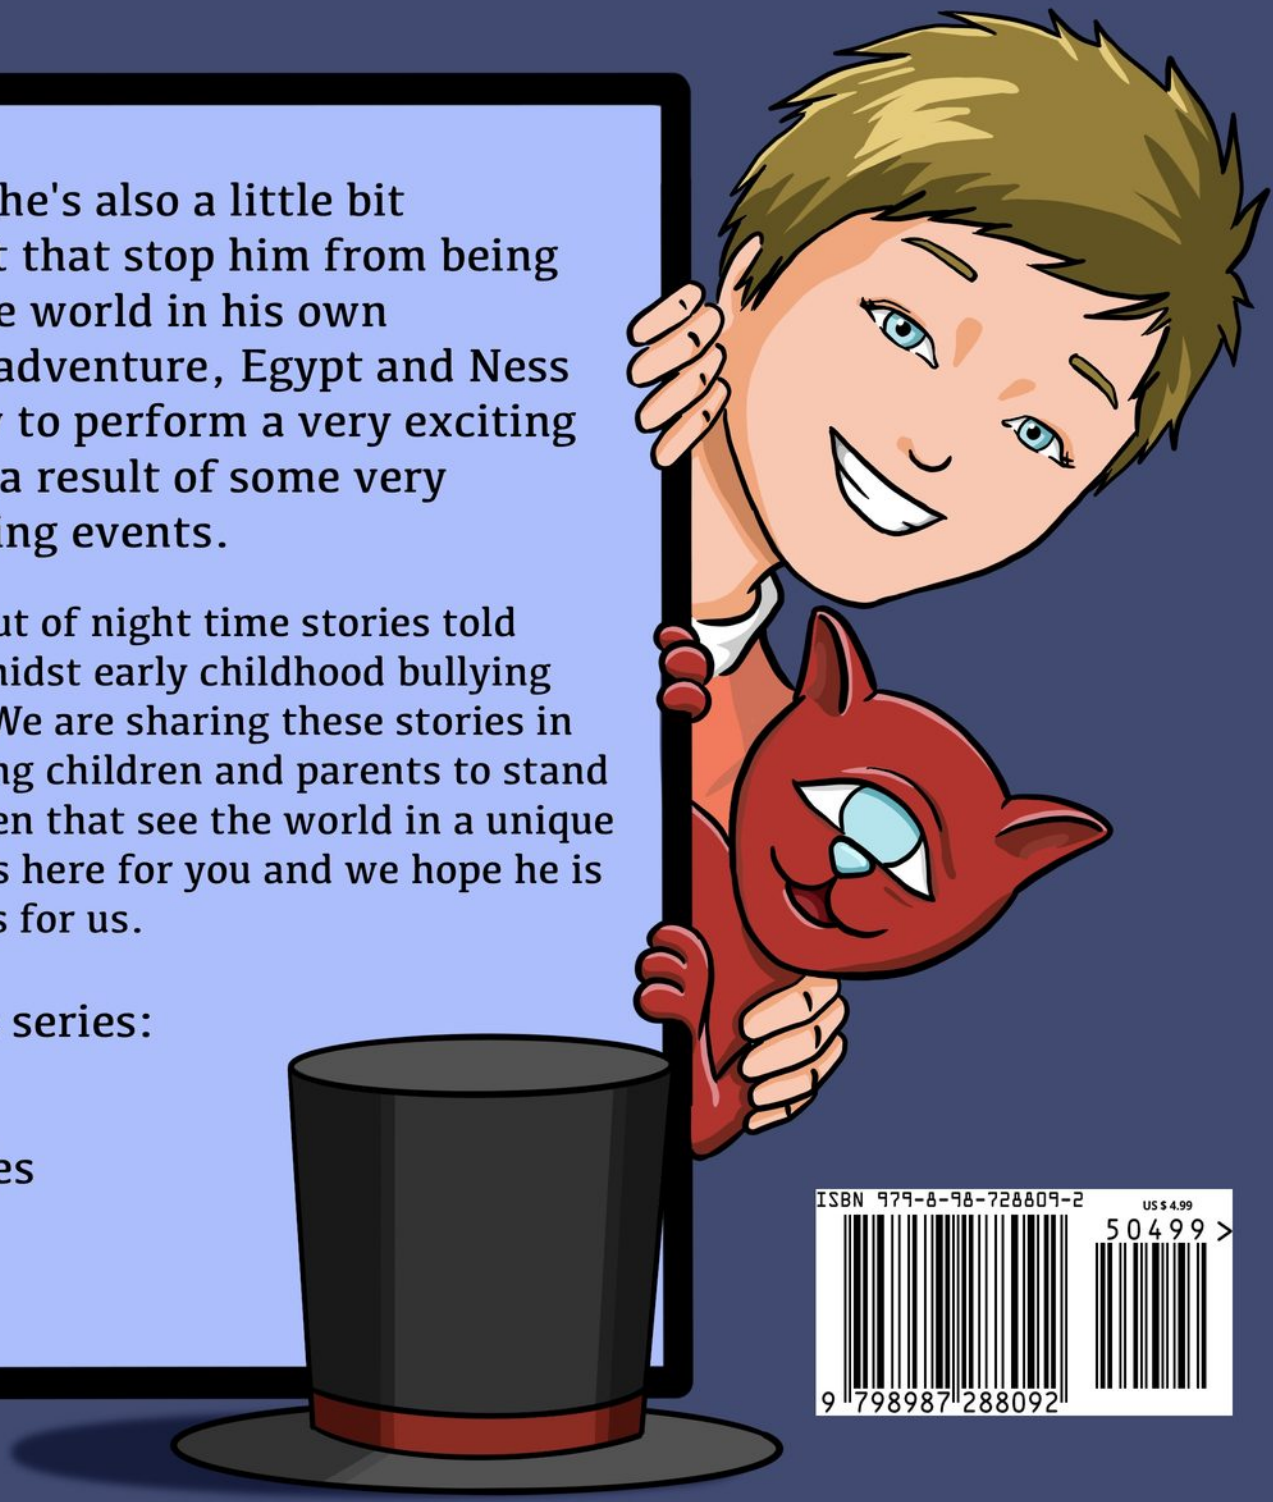

Egypt is a cool cat, and he's also a little bit different. He doesn't let that stop him from being who he is and seeing the world in his own wonderful way. In this adventure, Egypt and Ness accidently discover how to perform a very exciting magic trick together as a result of some very unexpected and surprising events.

Egypt's inspiration grew out of night time stories told between father and son amidst early childhood bullying and difficulties in school. We are sharing these stories in hopes to inspire other young children and parents to stand up and advocate for children that see the world in a unique and beautiful way. Egypt is here for you and we hope he is a friend for you like he was for us.
